—\$40,000

—\$20,000

While talking with members of our community, it became clear that transportation and mobility issues prevented many from accessing library resources. To better reach these underserved groups, we have begun to raise funds for a Mobile Library Branch. Our goal is to make the Library available to **EVERYONE!**

Thanks to the Friends of the Library, we're well on our way to reaching our goal of \$60,000!
