---

Robert,

We reached out to two of the top artificial grass manufactures in our area. I have reviewed both artificial grass products and have compared items such as installation, warranty, maintenance, durability, pet friendliness, cleaning and rain drainage.

Easy Turf and Synlawn, although both products have a 8-year warranty and comparable maintenance and durability, for our application Easy Turf has the preferred drain rate. This increased drain rate would assist during heavy rain events and also with any pet or event issues that would need to be cleaned up. All cleanup is done with the use of a non-aggressive cleaner such as Simple Green and water. In comparing cost between Easy Turf and Synlawn, Easy Turf was on average 50k less for comparable products.

Construction Services would recommend moving forward with the Easy Turf as our artificial turf vendor.

Thank you.
