Join us for a powerful screening of “The Skyway Bridge Disaster,” a documentary exploring one of the most shocking maritime tragedies in Florida’s history. This film delves into the harrowing collision of the M/V Summit Venture with the Sunshine Skyway Bridge, a disaster that reshaped safety regulations and maritime practices. This educational and cultural experience offers a deep look into the disaster’s lasting effects on the region and beyond.

This 69-minute documentary film will be moderated by Robert Raiola, a search and rescue diver who helped with emergency efforts and recovering bodies from the bay.
