STATE-FUNDED GRANT AGREEMENT

THIS AGREEMENT is entered into by the State of Florida, Division of Emergency Management, with headquarters in Tallahassee, Florida (hereinafter referred to as the "Division"), and Pasco County Board of County Commissioners, (hereinafter referred to as the "Recipient").

THIS AGREEMENT IS ENTERED INTO BASED ON THE FOLLOWING REPRESENTATIONS:

Each deliverable must be directly related to the scope of work and specify the required minimum level of service to be performed and the criteria for evaluating the successful completion of each deliverable.
 - iii. A provision specifying the financial consequences that apply if the Sub-Recipient fails to perform the minimum level of service required by the agreement.
 - iv. A provision specifying that the Recipient may expend funds only for allowable costs resulting from obligations incurred during the specified agreement period.
 - v. A provision specifying that any balance of unobligated funds which has been advanced or paid must be refunded to the Division.
 - vi. A provision specifying that any funds paid in excess of the amount to which the Sub-Recipient is entitled under the terms and conditions of the agreement must be refunded to the Division.
- b. In addition to the foregoing, the Recipient and the Division shall be governed by all applicable State and Federal laws, rules and regulations, including those identified in Attachment B. Any express reference in this Agreement to a particular statute, rule, or regulation in no way implies that no other statute, rule, or regulation applies.

(3) TERMS AND CONDITIONS

This Agreement contains all the terms and conditions agreed upon by the parties.

(4) EXECUTION

This Agreement may be executed in any number of counterparts, any one of which may be taken as an original.

(5) MODIFICATION

Either party may request modification of the provisions of this Agreement. Changes which are agreed upon shall be valid only when in writing, signed by each of the parties, and attached to the original of this Agreement.

(6) SCOPE OF WORK

The Recipient shall perform the work in accordance with the Budget and Scope of Work, Attachment A of this Agreement.

(7) PERIOD OF AGREEMENT

This Agreement shall begin **July 1, 2017** and shall end on **June 30, 2018**, unless terminated earlier in accordance with the provisions of Paragraph (16) of this Agreement. In accordance with section 215.971(1)(d), Florida Statutes, the Sub-Recipient may expend funds authorized by this Agreement “only for allowable costs resulting from obligations incurred during” the period of agreement.

(8) FUNDING

- a. This is a cost-reimbursement Agreement, subject to the availability of funds.
- b. The State of Florida's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature, and subject to any modification in accordance with either Chapter 216, Florida Statutes, or the Florida Constitution.
- c. The Division will reimburse the Recipient only for allowable costs incurred by the Recipient in the successful completion of each deliverable. The maximum reimbursement amount for each deliverable is outlined in Attachment A of this Agreement (“Budget and Scope of Work”). The maximum reimbursement amount for the entirety of this Agreement is **\$ 194,000.00**.
- d. The Division will review any request for reimbursement by comparing the documentation provided by the Sub-Recipient against a performance measure, outlined in Attachment A, that clearly delineates:
 - i. The required minimum acceptable level of service to be performed; and,
 - ii. The criteria for evaluating the successful completion of each deliverable.
- e. The Division’s grant manager, as required by section 215.971(2)(c), Florida Statutes, shall reconcile and verify all funds received against all funds expended during the grant agreement period and produce a final reconciliation report. The final report must identify any funds paid in excess of the expenditures incurred by the Recipient.
- f. For the purposes of this Agreement, the term “improper payment” means or includes:
 - i. Any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements; and,
 - ii. Any payment to an ineligible party, any payment for an ineligible good or service, any duplicate payment, any payment for a good or service not received (except for such payments where authorized by law), any payment that does not account for credit for applicable discounts, and any payment where insufficient or lack of documentation prevents a reviewer from discerning whether a payment was proper.

(9) RECORDS

- a. As required by 2 C.F.R. §200.331(a)(5), the Division, the Chief Inspector General of the State of Florida, the Florida Auditor General, or any of their authorized representatives, shall enjoy the right of access to any documents, financial statements, papers, or other records of the Sub-Recipient

which are pertinent to this Agreement, in order to make audits, examinations, excerpts, and transcripts. The right of access also includes timely and reasonable access to the Sub-Recipient's personnel for the purpose of interview and discussion related to such documents.

b. Florida's Government in the Sunshine Law (Section 286.011, Florida Statutes) provides the citizens of Florida with a right of access to governmental proceedings and mandates three, basic requirements: (1) meetings of public boards or commissions must be open to the public; (2) reasonable notice of such meetings must be given; and, (3) minutes of the meetings must be taken and promptly recorded. The mere receipt of public funds by a private entity, standing alone, is insufficient to bring that entity within the ambit of the open government requirements. However, the Government in the Sunshine Law applies to private entities that provide services to governmental agencies and that act on behalf of those agencies in the agencies' performance of their public duties. If a public agency delegates the performance of its public purpose to a private entity, then, to the extent that private entity is performing that public purpose, the Government in the Sunshine Law applies. For example, if a volunteer fire department provides firefighting services to a governmental entity and uses facilities and equipment purchased with public funds, then the Government in the Sunshine Law applies to board of directors for that volunteer fire department. Thus, to the extent that the Government in the Sunshine Law applies to the Sub-Recipient based upon the funds provided under this Agreement, the meetings of the Sub-Recipient's governing board or the meetings of any subcommittee making recommendations to the governing board may be subject to open government requirements. These meetings shall be publicly noticed, open to the public, and the minutes of all the meetings shall be public records, available to the public in accordance with Chapter 119, Florida Statutes.

c. Florida's Public Records Law provides a right of access to the records of the state and local governments as well as to private entities acting on their behalf. Unless specifically exempted from disclosure by the Legislature, all materials made or received by a governmental agency (or a private entity acting on behalf of such an agency) in conjunction with official business which are used to perpetuate, communicate, or formalize knowledge qualify as public records subject to public inspection. The mere receipt of public funds by a private entity, standing alone, is insufficient to bring that entity within the ambit of the public record requirements. However, when a public entity delegates a public function to a private entity, the records generated by the private entity's performance of that duty become public records. Thus, the nature and scope of the services provided by a private entity determine whether that entity is acting on behalf of a public agency and is therefore subject to the requirements of Florida's Public Records Law.

d. The Sub-Recipient shall maintain all records for the Sub-Recipient and for all subcontractors or consultants to be paid from funds provided under this Agreement, including documentation of all program costs, in a form sufficient to determine compliance with the requirements

and objectives of the Budget and Scope of Work - Attachment A - and all other applicable laws and regulations.

(10) AUDITS

a. In accounting for the receipt and expenditure of funds under this Agreement, the Sub-Recipient shall follow Generally Accepted Accounting Principles ("GAAP"). As defined by 2 C.F.R. §200.49, GAAP "has the meaning specified in accounting standards issued by the Government Accounting Standards Board (GASB) and the Financial Accounting Standards Board (FASB)."

b. When conducting an audit of the Sub-Recipient's performance under this Agreement, the Division shall use Generally Accepted Government Auditing Standards ("GAGAS"). As defined by 2 C.F.R. §200.50, GAGAS, "also known as the Yellow Book, means generally accepted government auditing standards issued by the Comptroller General of the United States, which are applicable to financial audits."

c. If an audit shows that all or any portion of the funds disbursed were not spent in accordance with the conditions of this Agreement, the Sub-Recipient shall be held liable for reimbursement to the Division of all funds not spent in accordance with these applicable regulations and Agreement provisions within thirty days after the Division has notified the Sub-Recipient of such non-compliance.

d. The Sub-Recipient shall have all audits completed by an independent auditor, which is defined in section 215.97(2)(h), Florida Statutes, as "an independent certified public accountant licensed under chapter 473." The independent auditor shall state that the audit complied with the applicable provisions noted above. The audit must be received by the Division no later than nine months from the end of the Sub-Recipient's fiscal year.

e. The Sub-Recipient shall send copies of reporting packages required under this paragraph directly to each of the following:

i. The Division of Emergency Management

DEMSingle_Audit@em.myflorida.com

DEMSingle_Audit@em.myflorida.com

OR

Office of the Inspector General

2555 Shumard Oak Boulevard

Tallahassee, Florida 32399-2100

ii. The Auditor General

Room 401, Claude Pepper Building

111 West Madison Street

Tallahassee, Florida 32399-1450

(11) REPORTS

a. The Recipient shall provide the Division with quarterly reports and a close-out report. These reports shall include the current status and progress by the Recipient and all subrecipients and subcontractors in completing the work described in the Scope of Work and the expenditure of funds under this Agreement, in addition to any other information requested by the Division.

b. Quarterly reports are due to the Division no later than 30 days after the end of each quarter of the program year and shall be sent each quarter until submission of the administrative close-out report. The ending dates for each quarter of the program year are March 31, June 30, September 30 and December 31.

c. The close-out report is due 60 days after termination of this Agreement or 60 days after completion of the activities contained in this Agreement, whichever first occurs.

d. If all required reports and copies are not sent to the Division or are not completed in a manner acceptable to the Division, the Division may withhold further payments until they are completed or may take other action as stated in Paragraph (11) REMEDIES. "Acceptable to the Division" means that the work product was completed in accordance with the Budget and Scope of Work.

e. The Recipient shall provide additional program updates or information that may be required by the Division.

f. The Recipient shall provide additional reports and information identified in Attachment D.

(12) MONITORING

a. The Recipient shall monitor its performance under this Agreement, as well as that of its subcontractors and/or consultants who are paid from funds provided under this Agreement, to ensure that time schedules are being met, the Schedule of Deliverables and Scope of Work are being accomplished within the specified time periods, and other performance goals are being achieved. A review shall be done for each function or activity in Attachment A to this Agreement, and reported in the quarterly report.

b. In addition to reviews of audits conducted in accordance with paragraph (6) above, monitoring procedures may include, but not be limited to, on-site visits by Division staff, limited scope audits, and/or other procedures. The Recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Division. In the event that the Division determines that a limited scope audit of the Recipient is appropriate, the Recipient agrees to comply with any additional instructions provided by the Division to the Recipient regarding such audit. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Recipient throughout the contract term to ensure timely completion of all tasks.

(13) LIABILITY

a. Unless Recipient is a State agency or subdivision, as defined in Section 768.28, Fla. Stat., the Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement, and shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performance under this Agreement. For purposes of this Agreement, Recipient agrees that it is not an employee or agent of the Division, but is an independent contractor.

b. Any Recipient which is a state agency or subdivision, as defined in Section 768.28, Fla. Stat., agrees to be fully responsible for its negligent or tortious acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Fla. Stat. Nothing herein is intended to serve as a waiver of sovereign immunity by any Recipient to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(14) DEFAULT.

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

a. If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

b. If material adverse changes occur in the financial condition of the Recipient at any time during the term of this Agreement, and the Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division.

c. If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

d. If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(15) REMEDIES.

If an Event of Default occurs, then the Division shall, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

a. Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. The notice shall be effective when placed in the United States, first class mail, postage prepaid, by registered or certified mail-return receipt requested, to the address in paragraph (13) herein;

b. Begin an appropriate legal or equitable action to enforce performance of this Agreement;

c. Withhold or suspend payment of all or any part of a request for payment;

d. Require that the Recipient refund to the Division any monies used for ineligible purposes under the laws, rules and regulations governing the use of these funds.

e. Exercise any corrective or remedial actions, to include but not be limited to:

i. request additional information from the Recipient to determine the reasons for or the extent of non-compliance or lack of performance,

ii. issue a written warning to advise that more serious measures may be taken if the situation is not corrected,

iii. advise the Recipient to suspend, discontinue or refrain from incurring costs for any activities in question or

iv. require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

f. Exercise any other rights or remedies which may be available under law.

Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(16) TERMINATION.

a. The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

b. The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

c. The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

d. In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination.

The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

(17) SUBCONTRACTS

If the Recipient subcontracts any of the work required under this Agreement, a copy of the unsigned subcontract must be forwarded to the Division for review and approval before it is executed by the Recipient. The Recipient agrees to include in the subcontract that (i) the subcontractor is bound by the terms of this Agreement, (ii) the subcontractor is bound by all applicable state and federal laws and regulations, and (iii) the subcontractor shall hold the Division and Recipient harmless against all claims of whatever nature arising out of the subcontractor's performance of work under this Agreement, to the extent allowed and required by law. The Recipient shall document in the quarterly report the subcontractor's progress in performing its work under this Agreement.

For each subcontract, the Recipient shall provide a written statement to the Division as to whether that subcontractor is a minority business enterprise, as defined in Section 288.703, Fla. Stat.

(18) ATTACHMENTS

- a. All attachments to this Agreement are incorporated as if set out fully.
- b. In the event of any inconsistencies or conflict between the language of this Agreement and the attachments, the language of the attachments shall control, but only to the extent of the conflict or inconsistency.
- c. This Agreement has the following attachments:

Tallahassee FL 32399-2100

In accordance with Section 215.34(2), Fla. Stat., if a check or other draft is returned to the Division for collection, Recipient shall pay the Division a service fee of \$15.00 or 5% of the face amount of the returned check or draft, whichever is greater.

(20) MANDATED CONDITIONS

a. The validity of this Agreement is subject to the truth and accuracy of all the information, representations, and materials submitted or provided by the Recipient in this Agreement, in any later submission or response to a Division request, or in any submission or response to fulfill the requirements of this Agreement. All of said information, representations, and materials is incorporated by reference. The inaccuracy of the submissions or any material changes shall, at the option of the Division and with thirty days written notice to the Recipient, cause the termination of this Agreement and the release of the Division from all its obligations to the Recipient.

b. This Agreement shall be construed under the laws of the State of Florida, and venue for any actions arising out of this Agreement shall be in the Circuit Court of Leon County. If any provision of this Agreement is in conflict with any applicable statute or rule, or is unenforceable, then the provision shall be null and void to the extent of the conflict, and shall be severable, but shall not invalidate any other provision of this Agreement.

c. Any power of approval or disapproval granted to the Division under the terms of this Agreement shall survive the term of this Agreement.

d. This Agreement may be executed in any number of counterparts, any one of which may be taken as an original.

e. The Recipient agrees to comply with the Americans With Disabilities Act (Public Law 101-336, 42 U.S.C. Section 12101 et seq.), which prohibits discrimination by public and private entities on the basis of disability in employment, public accommodations, transportation, State and local government services, and telecommunications.

f. Those who have been placed on the convicted vendor list following a conviction for a public entity crime or on the discriminatory vendor list may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with a public entity, and may not transact business with any public entity in excess of \$25,000.00

for a period of 36 months from the date of being placed on the convicted vendor list or on the discriminatory vendor list.

g. Any Recipient which is not a local government or state agency, and which receives funds under this Agreement from the federal government, certifies, to the best of its knowledge and belief, that it and its principals:

i. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by a federal department or agency;

ii. have not, within a five-year period preceding this proposal been convicted of or had a civil judgment rendered against them for fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

iii. are not presently indicted or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any offenses enumerated in paragraph 19(g)2. of this certification; and

If the Recipient is unable to certify to any of the statements in this certification, then the Recipient shall attach an explanation to this Agreement.

In addition, the Recipient shall send to the Division (by email or by facsimile transmission) the completed "Certification Regarding Debarment, Suspension, Ineligibility And Voluntary Exclusion" (Attachment G) for each intended subcontractor which Recipient plans to fund under this Agreement. The form must be received by the Division before the Recipient enters into a contract with any subcontractor.

i. All bills for fees or other compensation for services or expenses shall be submitted in detail sufficient for a proper preaudit and postaudit thereof.

j. Any bills for travel expenses shall be submitted in accordance with Section 112.061, Fla. Stat.

k. The Division reserves the right to unilaterally cancel this Agreement if the Recipient refuses to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Fla. Stat., which the Recipient created or received under this Agreement.

l. If the Recipient is allowed to temporarily invest any advances of funds under this Agreement, any interest income shall either be returned to the Division or be applied against the Division's obligation to pay the contract amount.

m. The State of Florida will not intentionally award publicly-funded contracts to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324a(e) [Section 274A(e) of the Immigration and Nationality Act ("INA")]. The Division shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. Such violation by the Recipient of the employment provisions contained in Section 274A(e) of the INA shall be grounds for unilateral cancellation of this Agreement by the Division.

n. The Recipient is subject to Florida's Government in the Sunshine Law (Section 286.011, Fla. Budget and Scope of Work

HISTORICAL BACKGROUND

In 1993, the Legislature created the Florida Hurricane Catastrophe Fund (“Cat Fund”). Codified in section 215.555, Florida Statutes, the Cat Fund: (1) provides a form of reinsurance for residential property insurers; and, (2) authorizes the expenditure of certain moneys to support programs that mitigate hurricane losses.

Section 215.555 requires that each insurance company pay premiums into the Cat Fund; those premiums are calculated based on actual catastrophic exposure. Initially, the Cat Fund collected from both “Participants” and “Non-Participants.” The term “Participants” refers to insurers who provide residential policies and small business commercial policies covering structures and contents; the term “Non-Participants” refers to insurers who provide property and casualty coverage. The latter is broader than the former; and, the former falls under the broader category of the latter. In other words, “Non-Participant” coverage includes “Participant” coverage; but, “Non-Participant” coverage also includes other types of insurance.

The State Board of Administration oversees the Cat Fund, which qualifies as a trust fund under state law.

In 1994, the Internal Revenue Service (“IRS”) issued a letter addressing the status of the Cat Fund for Federal income tax purposes. Recognizing that Participant contributions to the Cat Fund make the Fund look like a taxable, reinsurance program, the IRS nonetheless concluded that revenue earned by the Cat Fund qualifies as tax-exempt. In reaching this conclusion, the IRS focused on two, key components of the program: (1) the Non-Participant contributions; and, (2) the fact that the “State will appropriate moneys from the Fund each year and expend such moneys for specified purposes which are unrelated to its obligations under the Contracts.” Thus, in finding the Cat Fund tax exempt, the IRS relied at least in part on the mandatory use of some Cat Fund moneys for the public purpose of hurricane loss mitigation.

For fiscal year 1997-1998, the Legislature appropriated the \$10 million from the Cat Fund and split that appropriation into three categories: \$4.1 million to match grants from the Federal Emergency Management Agency; \$3.1 million going to the Residential Construction Mitigation Program under the Department of Community Affairs; and, \$2.8 million for sand dune restoration.

Citing policy considerations, Governor Chiles vetoed the \$2.8 million appropriation for sand dune restoration. In his veto message, Governor Chiles stated that “funding of these projects from these funds would set the wrong precedent; these funds should be for the purpose of enhancing residential mitigation.”

Despite the IRS’ reliance on Florida’s assertion that it would annually appropriate at least \$10 million in Cat Fund moneys for hurricane loss mitigation programs, Governor Chiles’ decision to veto the sand dune appropriation reduced that year’s overall mitigation appropriation down to \$7.2 million.

In 1999, the Florida Legislature passed the “Bill Williams Residential Safety and Preparedness Act” (“the Act”). With an effective date of July 1, 2000, the Act created the Hurricane Loss Mitigation Program (“HLMF”) as outlined in section 215.559, Florida Statutes.

The House of Representatives staff analysis describes the purpose of the Act as follows: “This bill creates the Hurricane Loss Mitigation Clearing Trust Fund (“HLMCTF”) to receive transfers from the Florida Hurricane Catastrophe Fund (“Cat Fund”) to provide funding for hurricane mitigation programs.” Addressing the concern that another line item veto could threaten the tax exempt status of the Cat Fund, the analysis goes on to state: “The creation of the HLMCTF assures that the \$10 million will be

appropriated from the Cat Fund, thus making it less likely that a line item veto will jeopardize the tax exempt status of the Cat Fund.”

PRESENT SITUATION

Currently, the Legislature annually appropriates \$10 million from the Florida Hurricane Catastrophe Fund to the Florida Division of Emergency Management (“Division”) for the Division to administer the HLMP. By statute, that \$10 million is allocated as follows:

- \$3.5 million to “to improve the wind resistance of residences and mobile homes, including loans, subsidies, grants, demonstration projects, and direct assistance; educating persons concerning the Florida Building Code cooperative programs with local governments and the Federal Government; and other efforts to prevent or reduce losses or reduce the cost of rebuilding after a disaster.”
- \$3 million “to retrofit existing facilities used as public hurricane shelters”
- \$2.8 million “to inspect and improve tie-downs for mobile homes”
- \$700,000 “to the Florida International University center dedicated to hurricane research”

Previously, the Division allocated \$3.5 million for the Residential Construction Mitigation Program (“RCMP”), which provided grant funding to governmental entities, nonprofit organizations, and qualified for-profit organizations as a means to improve the resiliency of residential structures within their communities. The RCMP utilized a benefit-cost analysis (BCA) for each of the submitted projects in order to determine whether the mitigation retrofits were cost-effective.

Presently, the Division seeks to expand the \$3.5 million HLMP appropriation beyond just the RCMP. Going forward, the Division will allocate \$3.5 million for construction mitigation efforts that will “prevent or reduce losses or reduce the cost of rebuilding after a disaster” – provided that the construction:

- Involves a structure; and,
- Does not supplant any other mitigation grant program funded by or through the Division.

Current mitigation grant programs funded by or through the Division that involve structures include:

- Elevating residential structures; and,
- Tearing down residences and converting the real property into perpetual greenspace;

Therefore, no HLMP construction mitigation proposal shall duplicate either of the two mitigation grant programs outlined above.

The Recipient will provide mitigation retrofit improvements as identified in RFP-DEM- 16-17-048 on as many qualified structures as possible during the period of performance for this Agreement and within the awarded amount. The Division of Emergency Management’s (Division) Property Information Sheet (PIS) will be the controlling document that monitors expenditures for the approved mitigation properties.

All structures shall be located in the geographical boundaries of the State of Florida and be approved by the Division. The Recipient shall focus on a comprehensive approach that ties together all aspects of mitigation.

The Recipient shall be responsible for the implementation, management, coordination, and facilitation of all aspects related to the mitigation retrofit projects approved under this RFP.

After the execution of a State-Funded Grant Agreement, the Recipient shall conduct an inspection of properties and identify a group of properties eligible for mitigation retrofit improvements. The Recipient shall submit a list of those properties to the Division within forty-five days of the signed and

executed contract. The Recipient shall submit property information and the estimated mitigation costs on a 2018 Property Information Spreadsheet (PIS) pdf provided by the Division at the time of award or contract execution. Color photographs of the structures (four elevations, all openings to include doors, roof pictures at least level with the roof, condition of the soffit and fascia, interior attic pictures, and any other visual documentation for additional mitigation) are required with the submission of the PIS. Color photographs are to be sent in jpeg form to the Division for review. The Recipient may identify additional properties over the course of the fiscal year until all awarded funds are expended (see table 1).

Authorized mitigation retrofit improvements include:

- a) Replacement of roof sheathing;
- b) Replacement of roof covering;
- c) Strengthening of roof deck attachment;
- d) Installation of secondary water barrier;
- e) Installation of hurricane straps;
- f) Installation of window and door opening protection;
- g) Installation of hurricane resistant windows and doors;
- h) Brace bottom chord gable end;
- i) Anchoring of wall or floor units to the foundation; and,
- j) Other mitigation construction efforts involving structures provided that the construction does not supplant any other mitigation grant program funded by or through the Division.

The intent of the program is to mitigate a structure comprehensively. Comprehensive mitigation takes into account as many facets of mitigation as can be achieved given the Recipient's budget for an identified structure. Where a comprehensive approach cannot be implemented, the Recipient must clearly justify (i.e., structure has already been partially mitigated or structure does not otherwise require certain measures) the reasons for the deviation. All awarded funds must be directly related to mitigation improvements.

The Division will conduct a benefit-cost analysis (BCA) for each of the submitted properties to determine if the mitigation retrofits are cost-effective. The BCA results in a numerical ratio expression of the cost-effectiveness of a mitigation project and is calculated as: total project mitigation benefits divided by total project mitigation costs. A property with a BCA ratio of one or greater has more benefits than costs and is therefore considered cost-effective. Some of the submitted properties may receive a BCA ratio of less than one (1). However, if the combined BCA ratio for the submitted group of properties is equal to one (1) or greater the group of properties may be approved. Specific properties may be added or withdrawn if necessary in order to achieve a combined BCA of one (1) or greater.

Upon the Recipient receiving a BCA score of (1) or greater, the Division will alert the Recipient to begin the processing of open bidding for construction services. **It is important to note that no construction shall be started prior to the Division's approval of the mitigation improvements.**

The HLMP grant is a reimbursable grant. Therefore, no Pre-award costs are authorized. Further, the Recipient should secure funding in order to ensure maximum performance. The Division expects that each Recipient will fully spend their awarded grant amount. The Division retains the right to review Recipient performance and take corrective action at any time. The following Tasks and Deliverables will be achieved in order for the Recipient to be reimbursed.

Task 1 (Identification and inspection): The Recipient shall identify structures for possible mitigation improvements. Then, the Recipient shall conduct a comprehensive mitigation inspection of all identified structures. The mitigation inspection shall be performed by a state certified mitigation inspector or local building official. The inspector shall identify any previous mitigation improvements as well as any mitigation deficiencies. The inspector shall further ensure that all necessary information is given to the Recipient (i.e. measurements, counts, and applicable notes). Additionally, the inspector shall opine whether the structure can be retrofitted to effectively improve structural survivability.

Task 2 (Submission of the PIS): The Recipient shall submit to the Division a PIS for each structure identified for possible mitigation retrofits. The Recipient will provide all the requested information for each structure, to include color photographs. The electronic PIS will be provided to the Recipient by the Division. The original document should not be altered in any way. As part of the submission, the Recipient shall identify whether:

- a) the structure is on grade or not;
- b) any unpermitted work has occurred at the structure; and,
- c) , if any outstanding liens or judgments are attached to the structure or its underlying property.

Task 3 (Scope of work development): The Recipient shall develop a Scope of Work (SOW) for each property approved by the Division. The SOW shall be based on all the mitigation retrofit measures identified on the PIS and approved by the Division. If required by the local building official, certified drawings will be developed for mitigation improvements and approved by a State of Florida Registered Professional Engineer or Florida Registered Architect as required. The Recipient shall select a Qualified, Licensed Florida Contractor in accordance with the Recipient's procurement policy to complete the SOW for each Division approved structure.

Task 4 (Construction): Upon completion and approval of Tasks 1 through 3 by the Division, the construction phase shall commence. The Recipient, or its Subcontractors, shall complete all mitigation retrofit measures as approved by the Division that have been identified on the PIS. The minimum level of required service includes, but is not limited to the completion of all or some of the mitigation retrofit measures identified the PIS. All construction work shall be completed by a Qualified and Licensed, Florida Contractor.

Task 5 (Final inspection): Upon completion of the mitigation retrofit improvements, a post inspection must be performed by the Recipient and a member of the Division's Technical Unit to ensure that all activities on the scope of work have been properly completed in compliance with issued building permits, as well as, any and all applicable Florida Building Codes, local building codes, industry standards and Manufacturer's Specifications.

Requests for reimbursement: During the course of the Fiscal Year, the Recipient is required to submit, at a minimum quarterly, Request for Reimbursements (RFR). The recipient is required to submit a quarterly report on the progress of the overall project. The quarterly report is due no later than 15 calendar days past the end of the quarter (see table 1). Documentation is required to support each RFR, Examples of supporting documentation are provided below for both construction expenses and administrative expenses. In some cases, all the mitigation retrofit improvements may not be fully completed; however, a

partial reimbursement request may be submitted. Additional documentation in the form of an Affidavit signed by the project manager attesting to the completion of the work identified in RFR is required.

Construction expenses (Direct): The Recipient will pre-audit bills, invoices, and/or charges submitted by the subcontractors and pay the subcontractors for approved bills, invoices, and/or charges. Recipient will submit Reimbursement Requests (Attachment D) to the Division with copies of Subcontractor's bills, invoices, and/or charges and Proof-of-Payment by the Recipient in the form of cancelled checks, payroll records, electronic payment verification, etc. The Recipient shall ensure that the Contractor's Invoice clearly identifies each mitigation item installed.

Administrative expenses (Indirect): The Recipient shall provide source documentation such as payroll records, project time sheets, attendance logs, etc. Documentation shall be detailed information describing tasks performed, hours devoted to each task, and the hourly rate charged for each hour including enough information to calculate the hourly rates based on payroll records. Employee benefits must be clearly shown. Ten percent of the amount completed in pursuit of direct activities may be claimed for administrative expenses. The Recipient is eligible to claim up to \$19,400 in a total indirect rate if the Recipient expended all \$194,000.

The phrase “Federal financial assistance” includes any form of loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance;

- (l) It will, in connection with its performance of environmental assessments under the National Environmental Policy Act of 1969, comply with Section 106 of the National Historic Preservation Act of 1966 (U.S.C. 470), Executive Order 11593, 24 CFR, Part 800, and the Preservation of Archaeological and Historical Data Act of 1966 (16 U.S.C. 469a-1, et seq.) by:

- (4) When any of the Recipient’s projects funded under this Agreement may affect a historic property, as defined in 36 CFR, Part 800 (2)(e), the Federal Emergency Management Agency (FEMA) may require the Recipient to review the eligible scope of work in consultation with the State Historic Preservation Office (SHPO) and suggest methods of repair or construction that will conform with the recommended approaches set out in the **Secretary of Interior’s Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings 1992 (Standards)**, the **Secretary of the Interior’s Guidelines for Archeological Documentation (Guidelines)** (48 Federal Register 44734-37), or any other applicable Secretary of Interior standards. If FEMA determines that the eligible scope of work will not conform with the **Standards**, the Recipient agrees to participate in consultations to develop, and after execution by all parties, to abide by, a written agreement that establishes mitigation and recondition measures, including but not limited to, impacts to archeological sites, and the salvage, storage, and reuse of any significant architectural features that may otherwise be demolished.

FEMA will request the SHPO’s opinion on the potential that archeological properties may be present and be affected by such activities. The SHPO will advise the Recipient on any feasible steps to be accomplished to avoid any National Register eligible archeological property or will make recommendations for the development of a treatment plan for the recovery or archeological data from the property.

If the Recipient is unable to avoid the archeological property, develop, in consultation with SHPO, a treatment plan consistent with the **Guidelines** and take into account the Advisory Council on Historic Preservation (Council) publication “Treatment of Archeological Properties”. The Recipient shall forward information regarding the treatment plan to FEMA, the SHPO and the Council for review. If the SHPO and the Council do not object within 15 calendar days of receipt of the treatment plan, FEMA may direct the Recipient to implement the treatment plan. If either the Council or the SHPO object, Recipient shall not proceed with the project until the objection is resolved.
- (6) The Recipient shall notify the Division and FEMA as soon as practicable: (a) of any changes in the approved scope of work for a National Register eligible or listed property; (b) of all changes to a project that may result in a supplemental DSR or modify a HMGP project for a National Register eligible or listed property; (c) if it appears that a project funded under this Agreement will affect a previously unidentified property that may be eligible for inclusion in the National Register or affect a known historic property in an unanticipated manner. eligible for inclusion in the National Register or upon learning that construction may affect a known historic property in an unanticipated manner. The Recipient further acknowledges that FEMA may require the Recipient to take all reasonable measures to avoid or minimize harm to such property until FEMA concludes consultation with the SHPO. The Recipient also acknowledges that FEMA will require, and the Recipient shall comply with, modifications to the project scope of work necessary to implement recommendations to address the project and the property.

- (7) The Recipient acknowledges that, unless FEMA specifically stipulates otherwise, it shall not receive funding for projects when, with intent to avoid the requirements of the PA or the NHPA, the Recipient intentionally and significantly adversely affects a historic property, or having the legal power to prevent it, allowed such significant adverse affect to occur.
