RE: Hacienda Hotel Renovations - New Port Richey
Bank St. Wall Replacement

Dear Mario:

The following is the pricing you requested on the restoration of the exterior wall along Bank St. based on the drawings prepared by Bender & Associates dated 5/15/17:

General conditions- trash removal, temporary requirements, supervision, etc.	\$ 5,124.00
Demolition	\$ 5,427.00
Concrete & masonry	\$15,387.00
Stucco and prime paint	<u>\$11,700.00</u>
Sub Total	\$37,638.00
Overhead & profit	<u>\$ 5,645.00</u>
Total	\$43,283.00

Clarifications:

- Permit fees are not included
- The stucco price is based on using Olde World Walls & Ceiling to complete the work

This proposal is more than I anticipated, but right now it's difficult to get subcontractors to bid work especially on smaller projects.

Additionally, on Monday, August 14th, my crew will be on site to take care of the doors, matador room floor and finishing up the balconies.

Please let me know if you have any questions regarding this proposal or the related scope of work.

Sincerely submitted,

D. L. PORTER CONSTRUCTORS, INC.
