Robert Rivera
Public Works Director
City of New Port Richey
6132 Pine Hill Road
New Port Richey, FL 34668

Dear Mr. Rivera,

Thank you in advance for your consideration of the following proposal. We are reaching out to Pinellas, Hernando & Hillsborough Counties, as well as the municipalities within them, to share some information regarding our ongoing contracts with Pasco County. The contracts are three years each, with two (2) annual renewal options, both contracts are in their initial year and both are time and material.

The first contract (IFB-JV-18-058) is tailored to restoring proper drainage, including cleaning debris, silt build up, restoring proper slopes and installing sod/seed as necessary to establish erosion control measures. With line items for dump trucks and loaders, we can provide solutions for storm clean up as well. The second contract (IFB-ML-19-001) is for stormwater culver replacement, which Pasco County has found to be very useful as well.

Why we are contacting the City of New Port Richey, is to inform you that you are able to piggyback on these agreements, as two other municipalities have already done. There are four pages of line items that cover a broad range of services, which both provide the scope and flexibility for contracts of any size. We have attached the line items of each contract for your review. Should you have further interest, we can send over the terms of the contract and the piggyback agreement, which can be implemented at no cost.

SRB is a Florida General Contractor. We are qualified with FDOT and 38 other DOT's across the nation. We can provide you with references from previous project as well as Pasco County on our performance from these two contracts. We appreciate you taking the time to review, and please feel free to contact us at any time.

Respectfully,
