Special Skills or Qualifications

Summarize special skills and qualifications you have acquired from employment, previous volunteer work, or through other activities, including hobbies or sports.

I do not know that I have any special skills or qualifications. I am very dependable, and I am very good at connecting people and promoting initiatives. My master's degree is in social work and I understand how important it is to look holistically at issues, to find ways to work together, and how important it is to manage precious resources. I currently work as a community health facilitator for BayCare Behavioral Health's Community Health Activation Team (CHAT). Much of the work that I do is to promote healthy and safe community environments. I teach mindfulness and yoga to youth and adults and I work on wellness, substance addiction/relapse prevention, and food insecurity initiatives. I understand that our environment is more than our water and land resources. I live and work in New Port Richey and I am a high utilizer of our wonderful parks and recreation areas and our local businesses, which gives me a great incentive to work to protect our beautiful city and its many assets.
