Bid Proposal

Bidding Company Name: RAZORBACK LLC

Town of Jupiter Utilities
210 Military Trail
Jupiter, FL 33458

Gentlemen:

The undersigned, as Bidder, hereby declares that the only Persons, company, or parties interested in the Proposal or the Contract to be entered into, as principals, are named herein; and that this Proposal is made without connection with any other person, company, or parties making a Bid or Proposal; and that it is in all respects fair and in good faith without collusion or fraud.

That the Bidder has carefully and to his full satisfaction examined the attached Instructions to Bidders, General Conditions, Supplementary Conditions, detailed Specifications, and Form of Contract and Bond, together with the accompanying plans, and that he has read all addenda issued prior to the opening of Bids; and that he has fully examined the site and the project documents and hereby agrees to furnish, unless otherwise provided, all implements, machinery, equipment, transportation, tools, materials, supplies, labor and other things necessary to the prosecution and completion of the work, to wit:

A non-exclusive continuing services painting maintenance contract for municipal water and stormwater facilities including all labor, tools, equipment, and materials necessary to complete the Work, including but not limited to industrial grade coating products, pressure washing, water-blasting, sandblasting, taping, scraping, grinding, wire brushing, rust removal, cleaning, priming, crack repair, concrete/stucco repairs, and other surface preparation as needed, painting, protection of adjacent facilities, and safe access for performing the Work. Facilities to be painted under this contract may include, but not be limited to, exterior of concrete potable water ground storage tanks, interior and/or exterior of concrete block structures (CBS)/buildings, interior and/or exterior of poured concrete structures including potable water holding structures, epoxy seamless floors, chemical containment areas, fiberglass structures and piping, ductile iron pipe (DIP), PVC pipe, steel pipe, pumps and motors, chemical rooms, steel tanks, fire hydrants, large water meter assemblies, DIP wellhead piping, steel well casings, steel cabinets, and other facilities and components as described by the Bidding Documents.

It is proposed that the project herein described shall be constructed for the Unit Prices as follows, all in accordance with the requirements and provisions of the Contract Documents.

Subject: Razorback painting

Greg,

I am happy to report that we have used Razorback painting contractor on many water plant projects and their service and products are holding up well. Razorback's project manager Travis Hibben, has a good working relationship with our Lead Plant Operators who have contracted numerous plant concrete walls, tanks and pipe painting projects. Their project completion dates are always met, and their invoicing is always prompt. We have no issues using Razorback as our painting contractors.

Thank you,

Best Regards,

Jim Kaplan
