STALKER[®]

Sole Source for STALKER 2X Radar System

This is to confirm and verify that Applied Concepts, Inc., 855 E. Collins, Richardson, TX 75081 is the sole source manufacturer of the STALKER 2X radar system. There is no other radar being manufactured that meets the specifications below:

- **Only Stalker's 2X antennas process return signals *digitally*.** The signal that goes to the Counting Unit is a clean *digital signal* which helps to eliminate RF interference. Digital antennas also improve a radar's range beyond 1 mile. (*This patented technology makes Stalker Radar the most accurate and dependable radar system on the market.*)
- **The 2X's Dual Zone capability distinguishes it from competitors' moving radars:** only the 2X can monitor two zones from a single antenna. With the 2X, an operator can simultaneously monitor front same and front opposite or rear opposite and rear same Target Zones. No other police speed enforcement radar on the market has this feature.
- **The 2X has Rear Traffic Alert,** a proprietary feature designed to warn the patrol officer of rapidly overtaking same-direction traffic when the patrol vehicle is most vulnerable to rear-end collisions.
- **The 2X is the only radar system that allows the operator to monitor vehicular traffic using a proprietary five (5) window display.**
- **All Stalker Radar products are made in the USA and are in full compliance with the Buy American Act.**
- **Applied Concepts, Inc was awarded an ISO 9001:2015 Certificate of Registration for design, manufacture and service of speed measurement products. This is unique in our market segment.**

All Stalker Radar products are made in the USA and are in full compliance with the Buy American Act.

The **STALKER 2X Radar System** can only be purchased directly from Applied Concepts, Inc. or through one of our Regional Sales Managers.

Respectfully Submitted.
