mpower® Fascia 4x2

Featuring the versatile style and function of our original mpower silicone lighting in a slightly larger, stacked footprint.

Features

- Single, dual or tricolor capabilities
- Patented, silicone-molded one-piece housing and optic design delivers advantages over conventional polycarbonate lenses:
 - smaller footprint with maximized candela output,
 - greater resistance to gravel

nERGY® 400 Series Handheld Siren

Sound intensity and amplification to increase coverage on the scene.

Features

- Provides unique advantages unlike any product on the market today: LED, Alley and Arrow handheld switch indicators for convenient viewing and extensive programmability
- Designed with extra large buttons with appropriate spacing to eliminate buttons being accidentally pressed
- Features an eight-second buzzer alert to notify users that the level or auxiliary buttons are activated
- Horn ring scroll provides ability to quickly change tones with the tap of the horn
- Provides up to seven 10 amp and three 20 amp outputs with internal fuses for powering solenoids (i.e. gunlock) or supplying power and signaling to other onboard peripherals (printer, radar, GPS, etc.)
- Built-in protection against over/under voltage, short circuit and reverse polarity
- Cabling setup is the same as 380R Siren Series allowing for easy swap-in
- Dimmable green LED backlighting
- 200 watt sirens feature dual-tone capability to deliver two siren tones at once to provide officers with extreme traffic
