FROM: Crystal S. Feast, Finance Director
DATE: 9/5/2017
RE: First Public Hearing - FY2017-2018 Operating Budget & Capital Improvement Program - Page 3

REQUEST:

In order to adopt a millage rate and operating budget, all taxing authorities must hold two public hearings. The City Council is requested to open a public hearing on the budget, solicit comments, about the proposed millage rate and also provide the opportunity to review a proposed budget and proposed capital improvement program. The City Council should approve two separate resolutions which will move the budget process forward to a second and final hearing on the millage rate and the budget.

DISCUSSION:

At the Public Hearing, the Mayor will announce the formal procedures, which must be followed in order to maintain compliance with Florida's laws and rules. The proposed millage rate is below the rollback rate; therefore, this process is simplified as the rules are in place to guarantee compliance when the effective tax rate increases. It is still recommended that the City follow the proper protocol to remain in good standing with the Florida Department of Revenue and its property tax oversight role. Hardcopies of the City's Proposed Budget and Capital Improvement Plan have been made available in the public library and on the City's website. Copies have also been distributed to City Council. Furthermore, a total of 4 work sessions have been held to go over the Operating Budget and Capital Improvement Program. These work sessions provided an opportunity for City Council and the public to have an open discussion on what is being proposed and to recommend changes.

RECOMMENDATION:

After receiving comments and questions from the public and full discussion and consideration of the City's proposed budget, staff will be prepared to make any changes or modifications that the City Council desires, so that the resolutions adopting the tentative millage rate and the tentative Budget and Capital Improvement Program can be approved. Staff will also make changes and edits that were communicated during the 4 work sessions previously held. Finally, a motion setting the final Public Hearing date and time, will enable staff to publish the advertisements required and meet the TRIM timetable.

BUDGET/FISCAL IMPACT:

The impact of this action will not become final until a second public hearing is held and the fiscal 2017-2018 budget is formally approved.

City Manager's Initial Budget Message to City Council

July 11, 2017

The Honorable Mayor and City Council Members
City of New Port Richey
5919 Main Street
New Port Richey, Florida 34652

THEME: Executing a Plan for New Growth for a New Generation

Dear Mayor and Members of the City Council:

By way of this letter, I am transmitting the Fiscal Year 2017-2018 Municipal Budget for the City of New Port Richey for your review and consideration. The budget is the most important document that the city prepares, since it identifies the services to be provided along with the sources that are to be relied upon to fund services. The budget also describes in detail how the various departments and divisions of the city function and how those functions are a benefit to the residents and businesses of the community.

This past year, you have provided a strong message that the time is right to move the City

ahead in respect to the redevelopment and revitalization of the City. The City of New Port Richey has significant growth potential and a bright future ahead as long as those that live, work and recreate here collectively embrace the challenges ahead, work toward honest and real solutions and are willing to invest in their community.

In the 2017-2018 fiscal year, the City will focus on key actions necessary to preserve the functions best associated with governmental operations at levels that are sustainable over time, affordable to our residents and meet their needs. The City will continue to look for new and innovative ways to provide public services by not only gauging what we do and improving where it is warranted but also addressing the question, "Are we doing the right things?" The city staff will also be promoting a customer centric culture by assessing the manner in which public services are provided. With this organizational discernment, standard work sessions with the City Council ensures effective policy direction.

Budget Overview

The budget is formulated based on input from the City Council, as well as from residents and members of the city staff. This input assists us in prioritizing and directing our resources towards those programs, projects and activities that have the greatest potential for helping us to successfully achieve our goals while addressing the City's most pressing needs. Building community understanding and support for the budget and for the services and programs that we provide is essential. The budget addresses current and future community needs and balances service demands with conservative financial management. It supports the following goals:

- Employ a multi-disciplined, well planned strategic approach to address the financial, social and environmental dimensions of sustainability for the City
- Supply high quality, dependable public services that residents and members of the business community expect in order to enjoy a city that is safe and clean. This includes effective police and fire protection and safe and efficient water and sewer systems
- Provide social, cultural, and recreational programs and services that enhance the lives of our residents, help build strong families, and showcase New Port Richey as a desirable place to live, work and play
- Increase the tax base by cultivating a healthy business climate and by working cooperatively with federal, state and county agencies to provide assistance to new and existing members of the business community
- Elevate the residential tax base by addressing property maintenance deficiencies and mobilizing reinvestment in the housing stock

Governmental Accounting and Budgets

Governmental accounting utilizes fund accounting. A fund is a self-contained accounting entity with its own assets, liabilities, revenues, expenditures, and fund balance. The City maintains operating, capital, and trust funds. These funds fall into one of three categories: governmental, proprietary or fiduciary.

1. Governmental funds are used to account for tax supported activities. The fund types are as follows:
 - General
 - Special Revenue
 - Capital Project

- Debt Service
- Permanent Fund

2. Proprietary funds are used to account for business activities, including internal service activities where goods or services are apportioned on a cost-reimbursement basis. The fund types are as follows:
 - Enterprise
 - Internal Service
3. Fiduciary funds are used to account for resources held by the government as a trustee or agent. The fund types are as follows:
 - Agency
 - Investment
 - Pension
 - Private Purpose Trust

Budgets are used internally and externally and are a force of law. They include estimated revenues and appropriations. Appropriations are authorized estimated expenditures. A budget is a living document which establishes a spending plan that may be adjusted during the year to accommodate new opportunities or changes in circumstances.

General Fund Revenue

The FY 2017-2018 General Fund budget is balanced with the use of Reserve Funds. The total General Fund Revenue budget is \$21,448,550, which includes Transfers In from other governmental funds of \$1,502,260 and Contributions from enterprise funds of \$4,322,230.

Tax Rate and Tax Roll

Approximately 48% percent of the just value of property in New Port Richey is residential. 22% of the total value is commercial property and 19% is attributed to governmental and institutional property. Personal property values equated to 11% of the total. The average taxable value of all properties in the City increased by 1.79%; the total value of \$514,291,510 in 2016 increased to \$523,496,073 in 2017. The average taxable value of a single family residential house increased from \$45,545 to \$47,843 or 5%. The proposed budget is based on a property tax rate of 8.9950 mills (1 mill equals 1 dollar of tax per one thousand dollars in value), which is lower than the rate from last year.

Capital Improvement Fund

The total dollar amount of major capital expenditures for FY 2017-2018 is \$8,891,040, which is approximately \$1401,000 less than what was budgeted in the previous fiscal year. Of that total, \$861,080 is for general fund capital purchases, \$1,100,000 is for road and street improvements, and \$3,255,560 is for parks and recreation.

Summary

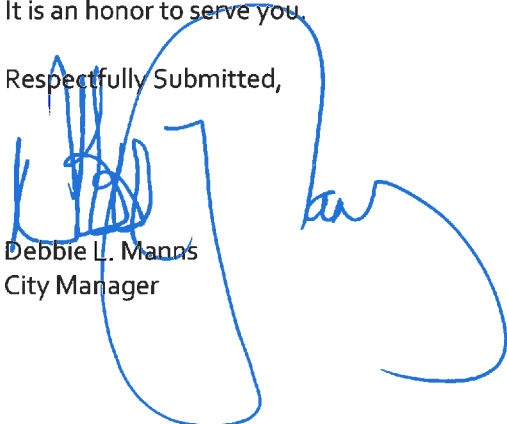

I am pleased to present this budget to the City Council for consideration and adoption. This budget represents a steady foundation which is based on solid financial data and strategy for the next few years.

In closing, I extend my thanks to the department heads for submitting, not only prudent budget requests, but also for acknowledging the economic realities and uncertainties facing the City and budgeting accordingly. I also thank the staff that worked on putting this budget together. Your team spirit and collective efforts are appreciated.

Finally, I wish to thank all the members of the New Port Richey City Council for their direction in establishing our city's goals and for their commitment to fiscal responsibility.

It is an honor to serve you.

Respectfully Submitted,

Debbie L. Manns
City Manager

NEW PORT RICHEY

LIBRARY

IT IS THE MISSION OF THE LIBRARY TO

positively transform our community by providing a curriculum that improves literacy, engages community, advances knowledge, and sparks creative expression.

DESCRIPTION

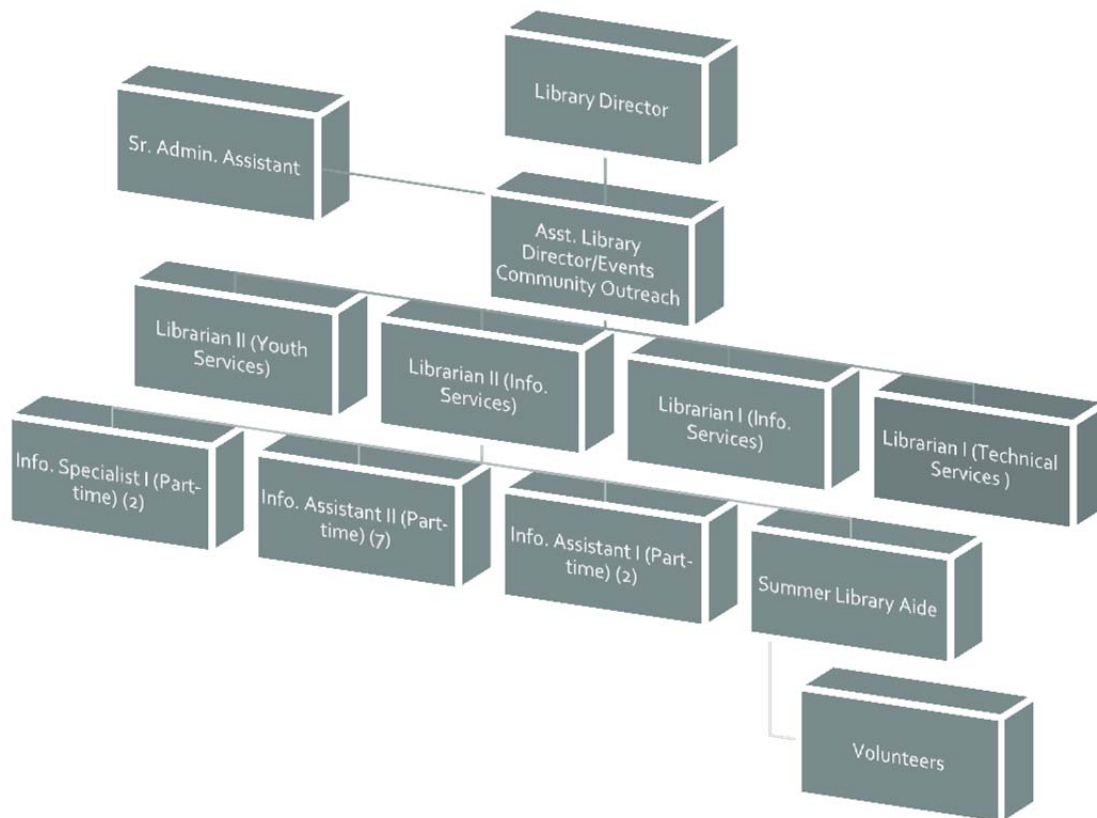

The New Port Richey Library was founded in 1919 and is Florida's first *Library of the Year* recipient. The Library is a popular destination that connects our diverse community to free educational and cultural resources that will enrich their lives.

ACCOMPLISHMENTS OF FY17

- Partnered with Pasco-Hernando SCORE and Pasco Enterprise Network to provide entrepreneurs with training and materials
- Provided the community with over 1,200 educational and creative classes, workshops, and events
- Provided off-site internet access through 18 circulating mobile hotspots and provided access to 84 electronic databases and 64,000 electronic materials
- Achieved a 5-star ranking in the LJ Index of Public Library Service

FY18 INITIATIVES

- Improve the community's quality of life by:
 - Collaborating with city departments
 - Sharing professional librarians' research skills and resources with city departments and outside agencies
 - Continuing establishing partnerships with local businesses and organizations to create classes and workshops
- Create a marketing plan to promote the curriculum and services to the community:
 - Continue to attend local events to advertise classes, workshops, and events offered
 - Increase public awareness of available educational opportunities, services, and resources
 - Cross promote classes offered by local community partners
- Provide equitable access and support of innovative technology for all community members:
 - Evaluate and implement technology tools and software that is crucial to the effective delivery of curriculum
 - Provide internet enabled devices for loan outside of library
 - Increase internet bandwidth at a rate which adequately accommodates growing demand
- Comply with Florida Public Library Outcomes and Standards that directly tie to State grant funding:
 - Work to increase staffing to sustain more open hours and meet minimum standards
 - Continue to work collaboratively with other libraries to provide classes, events, and outreach

POLICE - SUPERVISION

IT IS THE MISSION OF POLICE – SUPERVISION TO

be responsive to the needs of our community and deliver quality police services that provide the highest quality of life to our residents, businesses, and guests; to strengthen partnerships with local, state, and federal agencies to expand the department's law enforcement service capabilities; and to establish new partnerships within our residential and business communities.

DESCRIPTION

The New Port Richey Police Department focuses on the safety of residents, visitors, and businesses. Officers protect the citizens of New Port Richey, even at risk to their own lives.

ACCOMPLISHMENTS OF FY17

- Audited and updated all federal and state grants
- Sent numerous personnel from each Division to specialized and leadership training courses to improve their knowledge and job skills
- Transitioned to Southern Software for Computer Aided Dispatch, Records Management, and Mobile Computer Aided Dispatch
- Updated the City's noise ordinance and implemented the City's shopping cart, and golf cart ordinances
- Installed Voice Over-IP (VOIP) telephone system

FY18 INITIATIVES

- Reduce crime and fear of crime:
 - Elevate law enforcement presence in neighborhoods and business areas through focused investigations and collaboration with residents and business owners
 - Expand use of analytical and investigative techniques to identify and arrest crime perpetrators
 - Elevate the Department's crime analysis and mapping capabilities to better predict potential crime problems and allocate resources more efficiently
 - Expand the Police Auxiliary/Reserve Officer Program to increase law enforcement presence
- Strengthen officer/citizen relationships within neighborhoods and identify opportunities for improving the quality of life within those areas:
 - Promote citizen and business owner involvement, utilizing a Community Oriented Policing philosophy
 - Continue collaborative efforts between Patrol, Code Enforcement, and the Criminal Investigations Bureau to increase interaction with residents and business owners, focusing on chronic nuisance target areas
 - Expand the use of website and social media platforms to share crime information, accomplishments, and provide crime prevention tips
- Be fiscally responsible:
 - Continue exploring opportunities for obtaining resources at reduced or minimal costs to the City
 - Aggressively pursue grant opportunities
- Continue expanding the Department's capabilities and productivity through technology and training

NEW PORT RICHEY

PARKS & RECREATION - AQUATICS

IT IS THE MISSION OF AQUATICS TO

strengthen the community and enhance the quality of life by creating memorable experiences through parks, recreation, and aquatics. .

DESCRIPTION

The New Port Richey Recreation & Aquatic Center is a state-of-the-art facility , which offers a variety of affordable recreational activities and athletic training opportunities for everyone. With programs for children, seniors, and adults, the facility has become an integral part of the fabric of the community.

ACCOMPLISHMENTS OF FY17

- Successfully installed variable frequency drives in our pump room that will lower the City's electric bill
- Successfully re-implemented the American Red Cross *Learn to Swim Program* and increased Water Safety Instructor staff to 13 out of 16 current staff members
- Partnered with New Port Richey Main Street to grow the Coteeman Triathlon from 116 registered athletes in 2015 to 186 athletes in 2016
- Renovated the Kiddie Pool with a new spray feature and slide landing pad and extracted older play elements

FY18 INITIATIVES

- Continue to expand and improve the aquatic programs offered at the facility, which would include:
 - Group swim lessons, private swim lessons, and Whales Tales Water Safety lessons
 - Partnerships with local schools/athletic teams, and special events
- Create and implement an aquatic/recreation attendance tracking system to monitor the number of patrons that visit the facility and participate in programs/events
- Convert the current pump room's CO₂ delivery system to a safer, more cost effective muriatic acid delivery system, in order to effectively stabilize the pools' pH levels and improve sanitation
- Continue to partner with New Port Richey Main Street to grow and improve the Coteeman Triathlon

PUBLIC WORKS - STORMWATER UTILITY

IT IS THE MISSION OF STORMWATER UTILITY TO

have a proactive inspection program that identifies and remediates flood prone areas, expands or enlarges existing systems to eliminate the flood areas identified, and to improve water quality and quality of life for its residents, where applicable.

DESCRIPTION

The Stormwater Utility Division is a special purpose service unit within city government that provides stormwater management, as required by the Environmental Protection Agency . This Division maintains 5 miles of ditches/ canals and 40 miles of stormwater pipes. In addition, this Division cleans and repairs catch basins, storm drain pipes, and ditches, while rebuilding or adding new structures, as needed.

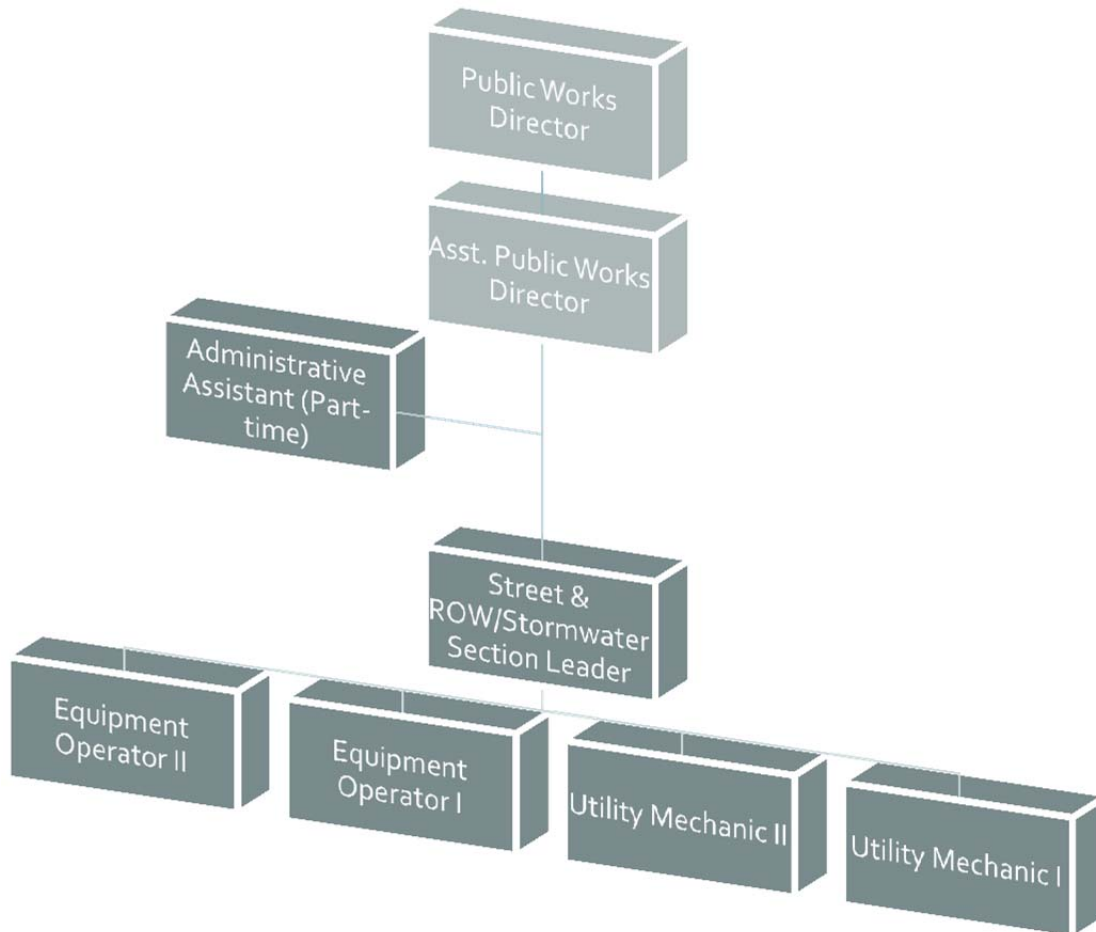

ACCOMPLISHMENTS OF FY17

- Stormwater Pond Construction:
 - Constructed a dry retention pond with an overflow structure on Delaware Ave., east of Van Buren St. and on School Road
- NPDES Mandate Activities:
 - Continued facility inspection and maintenance of CDS units, pipe, ponds, catch basins, and outfalls
 - Continued sediment removal and regarding of existing ditch and swale lines
 - Continued catch basin tag ID stenciling
 - Continued street sweeping program on all curbed roadways
- Evasive Vegetation Removal:
 - Removed Brazilian Pepper plants in the Grey Preserve (Congress St. side entrance) and Frances Ave. Park
 - Removed evasive vegetation from canals north of Warren Ave. and along the river at the Cotee River Park
- Stormwater Pond Tree Maintenance:
 - Trimmed trees around Orange Lake, Azalea Dr. pond, and Palm Dr. pond

FY18 INITIATIVES

- Storm Pipe Maintenance:
 - Add 175' of 12" pipe and a tide flex valve to piping on Bellview
 - Line stormwater lines that have deteriorated over time
- Stormwater Permit:
 - Continue stormwater inspections and improvements to the inspection process
 - Make necessary adjustments to the City's stormwater infrastructure to remain in compliance with stormwater permit
- Flood Control/Storm Situations:
 - Alleviate and fix any issues that could possibly cause flooding during weather events

- Continue good preparation techniques for weather events, such as tropical storms and hurricanes
- Continue being proactive during weather events, such as closing flooded street, pedestrian safety concerns
- Job Safety:
 - Continue maintaining safe work place practices for a safe environment
 - Continue trainings and certifications for work safety that we have in place

PUBLIC WORKS - STREET LIGHTING FUND

IT IS THE MISSION OF THE STREET LIGHTING FUND TO

administer the City's street lighting assessment program within the guidelines of Ordinance No. 1704, Street Lighting Assessment Act.

DESCRIPTION

On August 21, 2003, the City Council approved the implementation of a street lighting assessment as a way to fund the costs of street lighting services for residential and commercial properties within the City of New Port Richey. This assessment is becoming more common in local municipalities as it is a more equitable way to pay for street lighting services.

ACCOMPLISHMENTS OF FY16

- Coordinated logistics for over 30 events held at Sims Park

FY17 INITIATIVES

- A rate study will be performed to evaluate the current rate being assessed to residents

CAPITAL IMPROVEMENT

DESCRIPTION

The Capital Improvement Fund is used to account for all the governmental capital projects throughout the City. The fund's primary revenue source is the "Penny for Pasco" local discretionary sales surtax. These funds may be used for the following:

1. Finance, plan, and construct infrastructure
2. Acquire land for public recreation, conservation, or protection of natural resources
3. To finance the closure of county or municipal-owned solid waste landfills that have been closed or are required to be closed by order of the DEP.

Capital projects budgeted for in the Capital Improvement Fund are included in the City's Capital Improvement Program (CIP).

PUBLIC WORKS – WATER PRODUCTION

IT IS THE MISSION OF WATER PRODUCTION TO

operate, maintain, and manage the City's Joseph A. Maytum Water Treatment Plan in a way that delivers a reliable and adequate supply of safe drinking water, at a pressure that meets the safety and needs of all customers.

DESCRIPTION

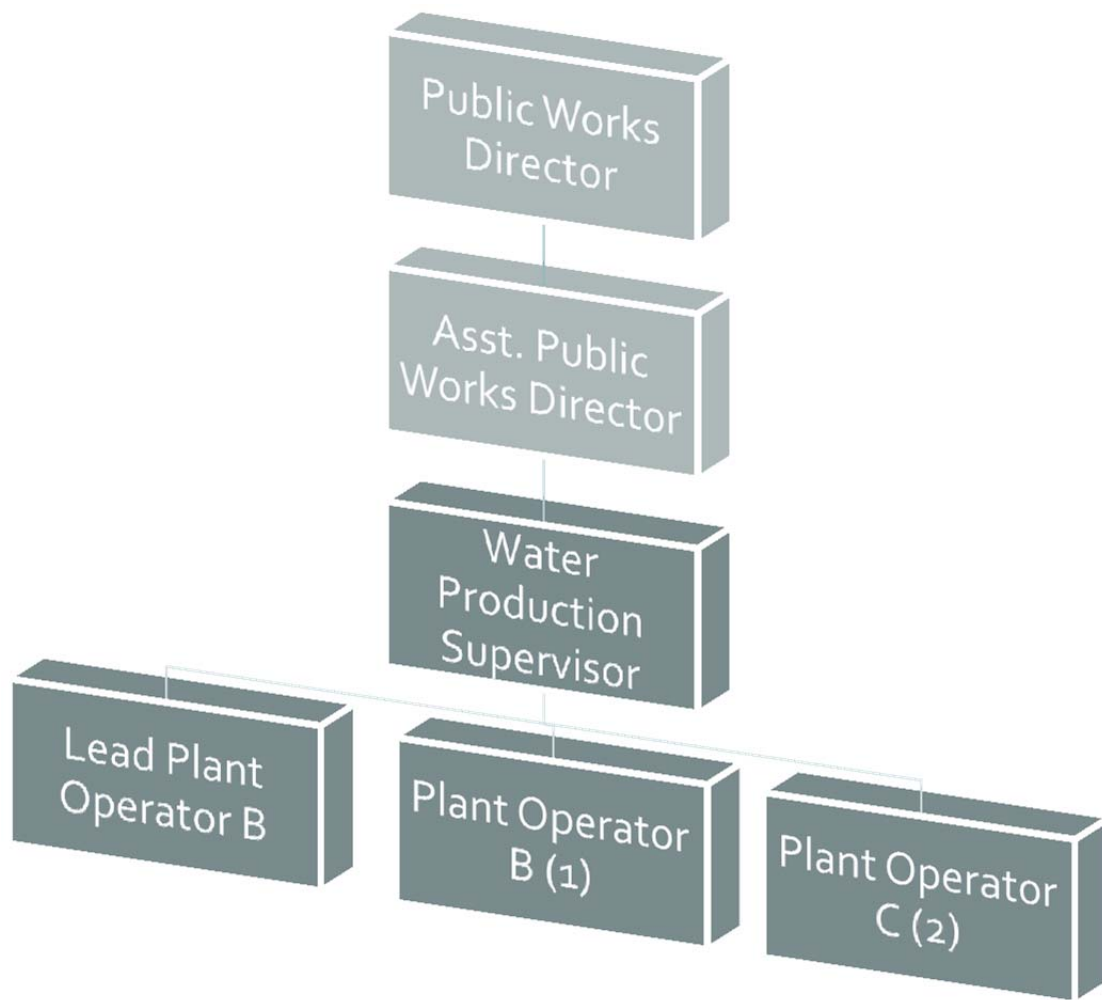

The Water Production Division is responsible for providing residents with water that meets or is better than standards set by the Environmental Protection Agency (EPA).

ACCOMPLISHMENTS OF FY17

- Produced a quality drinking water for delivery to the City and Region on a consistent basis
- Maintained proper system pressure and chemical content
- Cleaned and painted ground storage reservoirs and aerators
- Replaced ammonia feed pump system and bulk storage tanks
- Maintained aesthetic on plant grounds
- Replaced outdated SCADA system
- Delivered water to new purchased utility systems

FY18 INITIATIVES

- Monitor legislation impacting the rules and regulations of the water treatment industry
- Modify plant operations accordingly
- Identify new monitoring and testing equipment as it is brought to the market
- Field test and determine if new equipment is accurate, efficient and cost effective
- Replace High Service Pump #1 with more optimally sized unit

PUBLIC WORKS – WATER & RECLAIMED WATER DISTRIBUTION

IT IS THE MISSION OF WATER & RECLAIMED WATER DISTRIBUTION TO

maintain and upgrade the City's potable water system and demonstrate a high level of service that includes, but is not limited to, proactive maintenance activities, expansion of the water system, monitor and evaluate all current regulatory requirements, and having a one hour response time to emergency water breaks and a 24 hour response time to all internal and external inquiries.

DESCRIPTION

The City of New Port Richey has in excess of 9,700 water services, ranging in meter size from 3/4 inch to 10 inches. These services provide water to businesses, trailer parks, offices, restaurants, medical facilities, and individual and bulk customers. The Water Distribution Division oversees these water lines, which total over 131 miles, and range in size from 1 1/2 inches to 30 inches in diameter.

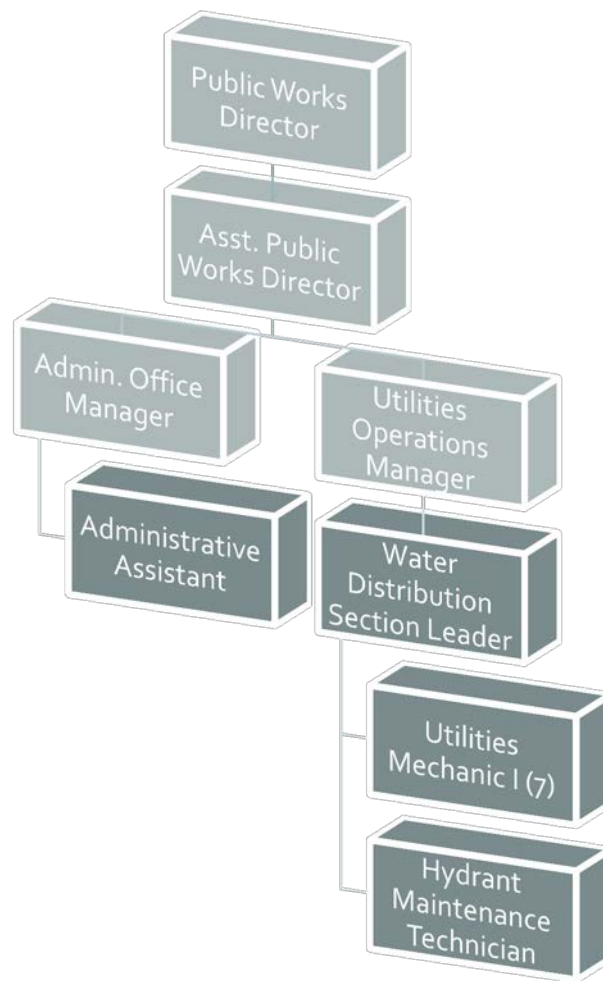

ACCOMPLISHMENTS OF FY17

- 2015/2016 Street Improvement Project:
 - Inspected valves that needed replacing and installed casings for service lines in the work area
- System Acquisitions:
 - Began meter and meter boxes replacements and installed blow offs or flushing spots, as needed, to provide great water quality
 - Mapped the system
- Continued with the proactive valve and hydrant maintenance and mapping:
 - Repaired, replaced, and raised hydrants, where needed
 - Replaced valves, as needed
 - Mapped and recorded measurements for work done or facilities located
- Continued Training:
 - Completed backflow training and certification for 2 employees
 - Completed water distribution classes and state certifications
 - Equipment and machinery training for all personnel completed

FY18 INITIATIVES

- Lakewood Villa, Barbara Ann, and Silver Oaks Transition:
 - Replace all meters with Ipearl meters and replace and relocate meter boxes on properties
 - Replace leaking or broken main valves
 - GPS pin pointing of valves, blow-offs, and water mains for city maps
- Water Main Valves:
 - Test valves in pre-planned areas throughout the City to see which need replacement
 - Put together a "problem valves" list to strategically repair/replace valves
 - Identify valves that need to be raised/lowered and need valve pads, per city specifications

- Fire Hydrant Technician/Backflow Testing:
 - Implement improvements to the job description and provide proper training
 - Combine backflow testing & fire hydrant testing
- Locates/Valve Program:
 - Rewrite job description and expectations of the Locating/Valve Program position
 - This position will be responsible for locating, painting, exercising, and keeping valve boxes clean and updating the “problem valves” list
 - Provide training on GPS pin-pointing hardware for accurate location and mapping of valves

PUBLIC WORKS – RECLAIMED WATER PRODUCTION

IT IS THE MISSION OF RECLAIMED WATER PRODUCTION TO

protect health and the environment by operating and maintaining the reclaim water production facility at its highest efficiency and complying with regulatory requirements; and producing high quality water for beneficial use, all while being innovative and creative to hold costs to a minimum.

DESCRIPTION

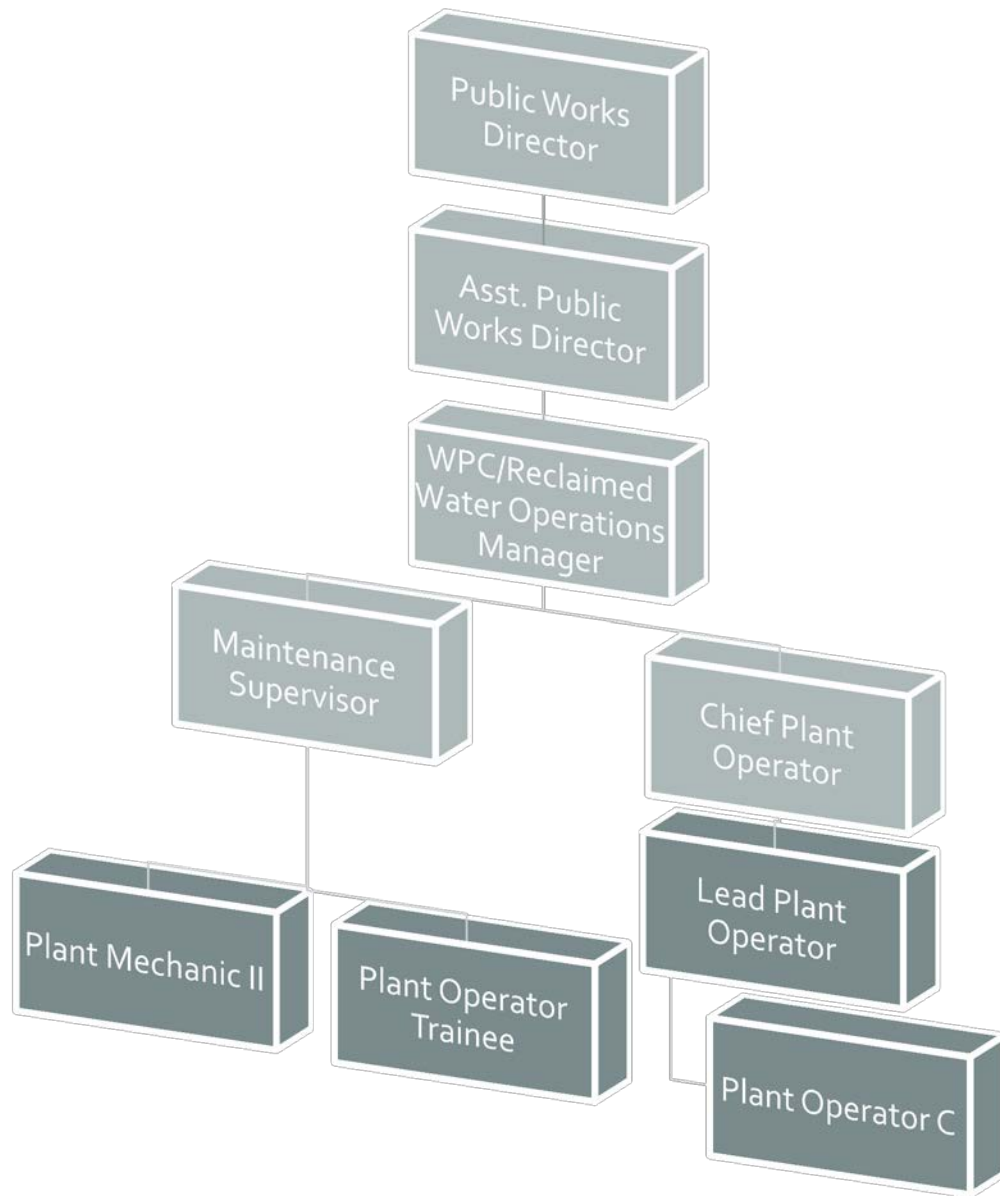

The Reclaimed Water Production Division is responsible for the operation of the wastewater treatment plant and producing and providing reclaimed water for beneficial reuse.

ACCOMPLISHMENTS OF FY17

- Produced and distributed over 1.9 billion gallons for beneficial reuse
- Continued to seek out ways to be more energy efficient
- Continued to learn about the latest technology for reclaimed water treatment, use, and production
- Continued to coordinate with Pasco County's reuse operations personnel for efficient integration into their system

FY18 INITIATIVES

- Continue to provide high quality reclaimed water for beneficial reuse
- Continue to seek out ways to be more energy efficient
- Permitting:
 - Complete reuse section for the WWTP's operating permit
 - Identify guidelines, procedures, capital, and operating costs associated with reuse discharging

PUBLIC WORKS – SEWER COLLECTION

IT IS THE MISSION OF SEWER COLLECTION TO

maintain and upgrade the City's sewer collection system; strive to remain current with today's technology and implement that technology into our system and everyday routine; make great effort to ensure that all staff are trained and prepared for any event that might jeopardize the integrity of our sewer system.

DESCRIPTION

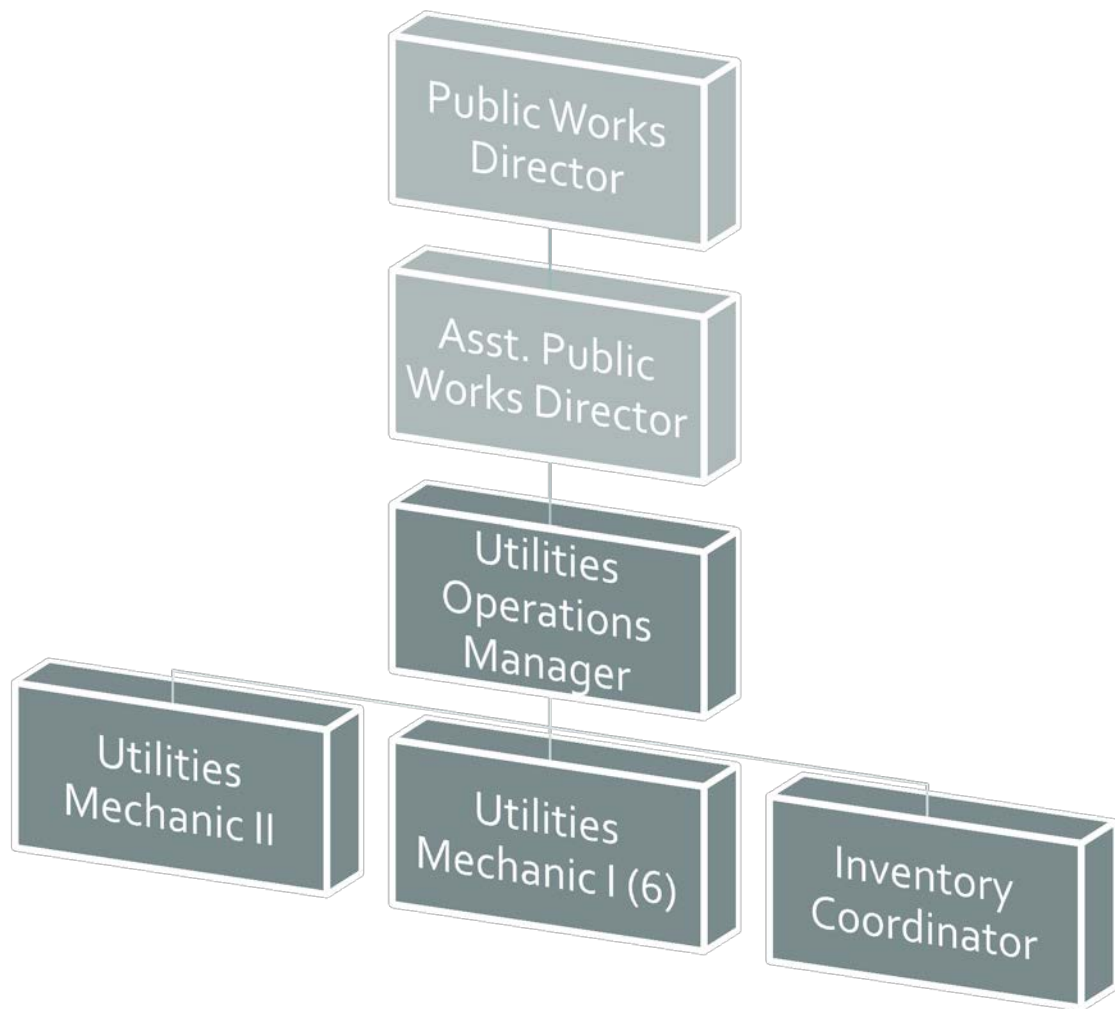

The Sewer Collections Division maintains and repairs over 8,000 sewer services, including clearing of blockages and repair and replacement of defective sewer services. Sewer collections is also responsible for the maintenance of sewer force mains, ranging in size from 4-16 inches long, and 65 lift stations that these lines pump to.

ACCOMPLISHMENTS OF FY17

- Completed annual gravity sewer system inspection and lining, which controls/prevents deterioration
- Completed the inflow/infiltration (smoke testing) project
- Repaired and replaced pumps in the lift stations
- Continued training and education

FY18 INITIATIVES

- Communication Upgrades:
 - SCADA Upgrades, including SCADA Room "Command Center" computer and monitor set up
 - Install antenna towers at each lift station
 - Lift station panel upgrades with new PLCs
- Inflow/Infiltration, Phase 2:
 - Repair broken cleanouts and complete the installation of manhole pans to prevent inflow
 - Remove storm lines that have been connected to the system
- Continue sanitary sewer pipe lining:
 - Clean lines, perform camera work, and identify deficiencies
 - Prioritize deficient sanitary sewer lines and create a data base
 - Complete bid documents, specification sheets, and oversee the project implementation
- Submersible Pump Tests:
 - Set Wilo and Flygt Pumps in one station for testing
 - Monitor the power usage for efficiency and log the pumps' performance and issues

STREET IMPROVEMENT

DESCRIPTION

The Street Improvement Fund is a special revenue fund, required by Florida Statute 336.02, to account for revenues and expenditures used for the operation and maintenance of transportation facilities and associated drainage infrastructure. Activities include road and right-of-way maintenance (e.g. patching, mowing), bridge maintenance and operation, traffic engineering, traffic signal operation, traffic control signage and striping, sidewalk repair and construction, and maintenance of ditches, culverts, and other drainage facilities. Resources to support these activities are provided from Local Option Gas Taxes (LOGT), a 6 cent per gallon local option gas tax revenue.

Projects budgeted for in the Street Improvement Fund are included in the City's Capital Improvement Program.

Summary of Construction Activities

The FY2018-2022 Capital Improvement Program (CIP) reflects the City Council's desire to complete a number of projects anticipated for several years. These include:

1. The resurfacing and reconstruction of streets;
2. Construction of Multi-Use Trails;
3. The implementation of Environmentally friendly elements in capital projects;
4. Streetscape expansion and neighborhood improvements;
5. The continuation park improvements including Orange Lake;
6. Facility Interior and Exterior maintenance upgrades;
7. Facility replacement and or structure storm hardening;
8. The design and construction of drainage improvements to the City's Stormwater Collection System;
9. The design for future replacement of wastewater pump and control components at various lift stations;
10. The design for future rehabilitation of a new sanitary sewer force mains which have declined in condition and are beyond their serviceable life;
11. The continued replacement and expansion of water mains and distribution system components;
12. The design and construction of reclaimed water main system where practical.

These construction initiatives reflect the City Council's progressive approach to enhance municipal services to the residents and businesses in the City New Port Richey. In addition, the selected projects will serve to achieve one or more of the following key objectives:

- To provide quality of life elements to the resident of the City;
- to provide incentives for the private reinvestment needed in the City's residential and commercial neighborhoods;
- to improve the capability of the City's utility system to meet future demands and to provide the infrastructure for continued redevelopment of the City;
- to provide incentives for the private reinvestment needed in the City's residential and commercial neighborhoods.

Summary of Funding Sources

As in the most recent fiscal year, the City's plans for the financing of its Capital Improvement Program (CIP) during the upcoming fiscal year will be reliant upon the use of the following major City funds - the Stormwater Utility Fund (002), the Capital Projects Fund (301) (Penny for Pasco Tax dollars), the Water and Sewer Revenue Fund (405), the Redevelopment Fund/CRA (603), the Street Improvement Fund (701), and Federal and State grants. In addition, the CIP includes the use of financing to support projects in the Capital Projects Fund. Projects are grouped according to their primary fund. Some capital improvement projects include elements for which more than one fund support. Each project is assigned to its principal funding source and the details of that project will include references to those other sources contributing funds.

Summary of Flood Control/Water Quality Projects

The City's current Stormwater Master Plan identifies both flood control and water quality improvements in the City's future. The pace with which these identified projects are addressed will be a function of the availability of grant funds and the amount of the annual fee assessed by the City to all property owners in the City.

Misc. Flood Control/Water Quality Projects

These Projects include the construction of new stormwater systems or the rehabilitation of existing stormwater systems to correct historical flood prone areas and improve water quality. These projects also include needed upgrades identified for the existing stormwater systems during other City Projects such as; Street Improvements, Neighborhood Improvements, and Utility System Projects.

2017 Seawall Stabilization Project Phase I

This project implements the Seawall Condition Assessment Report completed in 2017 and calls out multiple phases over the next four (4) years. Phase 1 encompasses the Sims Park seawall from the Main St. Bridge to the northern property line of Sims Park. The report and subsequent design and construction are proactive approach to rectify unstable soil conditions that currently exist behind the seawalls. The unstable soil has caused a shift in the seawalls that if not corrected, will result in total failure. This would eliminate the possibility of repair work, leaving the reconstruction of the seawalls the only option.

Summary of Water & Sewer Utility Projects

The utilities current master plan was completed in the 2012-2013 fiscal year and identified future capital improvements for the utility system required for replacement of an aging infrastructure and for the upgrading to the system capacity where necessary for adequate level of service.

Accordingly, water main extensions are planned to improve fire-fighting capabilities and to improve service pressures and water quality in portions of the City's distribution grid and utility service area. Construction of force mains are proposed in order that deteriorated force mains in the system can be abandoned. Additional construction for lift station replacements and/or rehabilitations is planned to replace equipment that is beyond its serviceable life. In addition to the planned lift station projects, the City will also televise portions of the existing collection system and re-line or repair sewer mains wherever needed to reduce the infiltration of groundwater into the system.

The five year capital program contemplates the engineering of reclaimed water system distribution mains to serve residential neighborhoods where a significant amount of irrigation using potable water already occurs. Staff will work with Southwest Florida Water Management District to obtain Grant funding where possible to assist with the construction of residential systems planned for distribution expansion as identified in the adopted Reclaimed Water Master Plan Document.

The City is also prepared to expand its sanitary sewer collection system to areas located within the City's defined utility service area to provide service to properties now served by on-site septic systems. Projects located within close proximity to the Pithlachascotee River and other surface waters would receive priority consideration because of the associated beneficial impact on the environment. System upgrades would include force main upsizing and lift station rehabilitation.

Fleet Purchasing Warehouse - Building Hardening, Material and Equipment Storage Improvements

This project consists of identifying structural deficiencies to the existing fleet maintenance and utility purchasing warehouse. The construction phase of this project consists of building rehabilitation of the identified defects and providing for equipment and material storage.

2016/2017 Inflow & Infiltration Abatement (Smoke Testing) Program Phase II

This project implements program best management practices identified during the smoke testing activities in 2016/2017. Locations where extraneous clean water or stormwater is entering the City's wastewater collection system during significant wet weather periods were identified. The smoke testing identified items such as cross connections with the stormwater drainage system, gravity sewers with faulty joints, private property contributions from defective service laterals, broken cleanouts and roof drainage system tie-ins. This program will include the purchase of amenities used to eliminate and/or reduce the identified deficiencies.

Summary of Redevelopment Fund Projects

The Community Redevelopment Association (CRA) is updating its redevelopment plan and will be developing a strategy to include capital improvements, such as public parking or other public facilities that would target specific needs critical to the City's economic growth.

Hacienda Hotel Restoration Project

This project includes the restoration and preservation of the City's historic Hacienda Hotel exterior. This building is currently on the National Historical Registry and is a Florida Landmark. This proposed project began in the FY2015 with the, demolition of non-conforming additions, roof replacement, installation of the two historic balconies and restoration of the Bank Street entry. This project phase will include replication and installation of the Hacienda's historic windows and doors. Additionally, the historic patio, remaining entries, and the Bank Street wall will be restored to further replicate the original design of the Hacienda as it was when it opened in 1927.

Summary of Street Improvement Fund Projects

The 2018 - 2022 Capital program includes funding for various Street Improvement Projects. Street projects are identified in the 2015 Roadway Needs Assessment Report and include resurfacing and/or reconstruction of streets in various locations throughout the City. The funding is found in Fund 701, the Street Improvement Fund, and incorporates the use of local option gas tax dollars, Penny for Pasco (2) funds, solid waste franchise fees, special assessments, and State grant funds.

The 2018 - 2022 Capital program also includes funding for annual Roadway Striping Projects. The projects include the replacement of Thermal Plastic Pavement Markings on streets throughout the City. In addition, upgrades to traffic control signage and traffic calming devices are included.

2014/2015 Street Improvement Project

This project includes the design, resurfacing, and reconstruction, where needed, of streets and sidewalks throughout the City. This project will focus on the City's collector roads such as Congress St. (Massachusetts Ave. to Louisiana Ave.), Madison St. (Massachusetts Ave. to Cecelia Dr.) and roadways located in the Oreto Industrial Park.
