**DATE:** 5/13/2025

**RE:** Second Public Hearing - Small Cities Community Development Block Grant Application

## REQUEST:

The request is for the City Council to conduct a second public hearing related to the city's plan to apply to Florida Commerce for a FFY 2023-2024 Small Cities Community Development Block Grant (CDBG) in the amount of \$2,000,000 to support the Housing Rehabilitation program.

## DISCUSSION:

As I am sure you will recall, a public hearing was conducted at your meeting on May 6, 2025, to consider potential uses of future CDBG funds. At the conclusion of the public hearing, it was the consensus of Council that the grant should be used to support housing rehabilitation program efforts if the city's application for funding was successful. In that respect it is estimated that a minimum of twenty-one (21) homes in the city that do not meet current code standards will be rehabilitated or replaced. The proposed budget associated with the grant is as follows:

### Housing Rehabilitation

Housing Improvements	\$1,710,000.00
Temporary Relocation	40,000.00
Administration	<u>300,000.00</u>
	\$2,050,000.00

As part of the city's application, I am recommending that \$50,000 of leverage funding be appropriated in Community Redevelopment Agency (CRA) funds to gain additional credit in the competitive ranking system.

## RECOMMENDATION:

The recommendation is for the City Council to conduct a public hearing to consider this matter as scheduled.

## BUDGET/FISCAL IMPACT:

If this item is approved, an appropriation of \$50,000 would need to be earmarked within the CRA budget to support the leverage funding.

**RE:** Resolution No. 2025-19: Adopting Small Cities CDBG Housing Assistance Plan

**REQUEST:**

The request is to consider authorizing a resolution in support of the adoption of a Housing Assistance Plan (HAP) in conjunction with the submission of an application to participate in the Small Cities Community Development Block Grant (CDBG) program for FFY 2023-2024.

**DISCUSSION:**

In order to be eligible to submit an application to Florida Commerce for a Small Cities Community Development Block Grant (CDBG) in the Housing Rehabilitation category the city must have a Housing assistance Plan (HAP). The city adopted a HAP in September of 2020 and implemented a few amendments to the plan in 2024 relating to program eligibility and a condition of the program related to homeowners insurance.

Attached as Exhibit "A" to the resolution, please find a copy of a proposed Housing Assistance Program. The HAP is an important document which is largely relied upon for matters relating to the administration of the Housing Rehabilitation Program. Incidentally, the version of the HAP that is being advanced to you for consideration does NOT contain either of the amendments that were effectuated to the original plan in 2024.

**RECOMMENDATION:**

The recommendation is for City Council to adopt Resolution No. 2025-19 which adopts the city's Housing Assistance Program.

**GENERAL INFORMATION FOR PARTICIPANTS**  
**FFY 2023/2024 CDBG PROGRAM**

**I. GENERAL**

This repository of information is to advise potential participants of the guidelines by which the City will operate its Community Development Block Grant (CDBG) program. These guidelines have been established to give a program overview and procedures to ensure compliance with the requirements established by the Florida Department of Commerce and Federal Department of Housing and Urban Development (HUD). The information contained herein is subject to change upon action of Florida Commerce, HUD, or the City Council.

It is illegal to discriminate on the basis of an individual’s **RACE, CREED, COLOR, SEX, RELIGION, ETHNICITY, HANDICAP, AGE, NATIONAL ORIGIN, OR FAMILY STATUS**. Individuals in the City are also protected by the State’s Fair Housing Act, Sections 760.20, 760.22, 760.23, and any amendments thereto.

The City Council has established a Citizen’s Advisory Task Force (CATF) to serve as an oversight committee for the City’s CDBG program. This committee will meet as needed to ensure that the program is operating in accordance with all Local, State, and Federal requirements.

In order to qualify for the CDBG Housing program, the applicant must currently be the owner of the housing unit and occupy the housing unit proposed for rehabilitation or replacement as their primary residence.

The owner of the housing unit will be asked to give personal and financial information about themselves and their household to a representative of the City or the Housing Specialist in order to begin the application process. This information will be recorded and become a part of the applicant’s file. The information provided must be accurate and true. The Housing Specialist, upon advice from the Citizen’s Advisory Task Force, will use the information to ascertain if the applicant is eligible to participate in the CDBG Housing program.

The home of each applicant who qualifies for the CDBG housing program will be inspected by the Housing Specialist to determine the extent of rehabilitation that will be required to bring the residence within program guidelines. The applicant or their representative must be present while their home is being inspected and will be requested to provide input concerning their housing needs. The Housing Specialist will meet with a representative of the local Building Department to ensure the local building code and housing code requirements related to addressing each structure will be met. The Housing Specialist will develop an inspection report based on the housing needs and estimate the costs necessary to bring each of the housing units up to the required minimum property standards. Additional bedroom space can only be provided as needed to ensure those household members in permanent residence do not share a bedroom with a member of the opposite sex, except couples or husband and wife in addition no more than two individuals of the same sex can occupy the same bedroom. The construction work

on a dwelling will be completed by a state registered or certified contractor, under no circumstances may the contractor or his/her subcontractors be the owner of the residence, a relative of the owner of the residence or an occupant of the residence that is to be rehabilitated. Neither shall any of the aforementioned be paid for their own labor with CDBG funds for the rehabilitation of said residence.

The owner(s) of the residence will be required to sign certain documents before the construction process begins. These documents will outline the work to be performed on their property and give an estimate of the cost to address the improvements needed on the property. Construction will cause a certain amount of debris; however, every effort will be made by the contractor to leave the work site in a clean and orderly fashion. Work on the foundation and exterior of the dwelling may cause damage to shrubs and lawn ornaments around the dwelling. If possible, the owner of the property shall have all of these items moved prior to the time work is to begin. Although the contractor will be as careful as possible to protect the trees, shrubs and bushes located on the property, neither the City, Housing Specialist, nor the contractor will be responsible for any damage done to the trees, shrubs and bushes located on the property during the course of the construction, demolition or renovation.

## **II. OBJECTS OF PROGRAM**

A. To provide a Deferred Payment Loan (DPL) to very low income (up to 30% of Area Median Income), low income (up to 50% of Area Median Income) and low/moderate income (Up to 80% of Area Median Income) participants whose homes are in need of repair or replacement. Each housing unit considered for inclusion in the CDBG Housing program must contain a violation pertaining to building code or HUD Section 8 Housing standards. (DPL is explained further in the financing section). The purpose is to bring the residence up to Section 8 Minimum Property Standards and/or the standards set forth in the Florida Housing Code currently adopted by the City.

B. To improve the conditions of housing while maintaining housing costs at a level affordable to lower-income households; to provide a safe and sanitary dwelling.

C. To reverse the physical deterioration of the community by providing a mechanism to allow for the rehabilitation of existing housing stock in a community.

D. To eliminate slums and blight and provide a safer, more sanitary environment in which to live.

## **III. FINANCING**

A. The type of assistance which will be available to eligible applicants is known as a Deferred Payment Loan (DPL). A brief description of this program is presented below. Grants will not be utilized as a part of the CDBG Housing program.

Deferred Payment Loans: This type of loan will be available to eligible, approved homeowners. The DPL can be used in the owner-occupied rehabilitation program. The DPL will be secured by a lien on the property. The DPL payments will be deferred for a period of 10 years. The DPL will depreciate at the rate of 10% per full year. The DPL will be forgiven at the end of the 10-year period. If the owner sells or rents the property or otherwise violates the terms of the mortgage at any time within the 10-year period, the remaining mortgage balance will be due and payable. This is done to assure that the applicant will occupy the residence and not sell or rent the property for 10 years after the rehabilitation of the dwelling has been completed.

## **IV. ELIGIBILITY**

- A. Only those properties containing owner occupied conventionally built structures and modular homes located within the incorporated area of the City of New Port Richey will be considered for participation in the CDBG Housing program. No rental properties or mobile homes will be addressed under this project.
- B. Household income must be within the Section 8 income limit guidelines as published by the State of Florida and/or HUD for the region.
- C. No member of the City Council, member of the CATF, employee of the City, or relatives of any of these as defined by HUD and Florida Statutes, shall be eligible for program participation unless they are granted a waiver by the Department of Commerce. The prohibition shall continue for one year after an individual's relationship with the City is terminated.

All applicants will receive a conflict of interest affidavit that will include a list of the names of all local City Council members, CATF members and local government employees associated with decision making related to this program. The conflict of interest affidavit in addition will request if the applicant is related to any local government employees in general.

The City Council members, CATF members and local government employees involved with decision making related to this program will receive a conflict of interest affidavit with the list of names of all eligible applicants to determine if a possible conflict of interest exists.

The name of all eligible homeowners will be read aloud at a CATF meeting and City Council meeting and all Board members shall publically acknowledge any relationship that could be a possible conflict of interest. Acknowledgment shall include the applicants name and how they are related.

If a potential conflict of interest is noted, it will be presented to the Department of Commerce and a determination or waiver will be obtained prior to the applicant receiving final approval.

A final list of all eligible applicants and their ranking will be presented to the CATF and the City Council for final consideration and will be noted in the meeting minutes for public review.

- D. For a person with a potential conflict of interest to be eligible to participate in the program, the following steps must be taken:
  - 1. The person(s) must declare on the application form/conflict of interest affidavit that a conflict of interest may exist.
  - 2. The potential conflict will be presented publically to the CATF and the task force must decide whether to recommend to the City Council whether or not to proceed with requesting a waiver on the applicant despite the conflict of interest.
  - 3. The potential conflict will be presented at a public meeting to the City Council and the City Council must decide whether to proceed with requesting a waiver on the applicant despite the conflict of interest.
  - 4. If the person with whom the conflict of interest exists is a voting member of the City Council or CATF, that person must declare a conflict of interest and not vote on the applicant.

5. The City Attorney shall prepare a written document stating in his or her opinion proceeding with the rehabilitation or replacement of the applicant's residence would not violate any state or local law.

6. A written request for waiver is sent by the City Council to Florida Commerce for review and approval.

7. If a waiver is obtained, the applicant would be placed on the potential client list with the other applicants for ranking as outlined herein.

E. Priority will be given to applicants in the following order:

1. Very low income households (30% of Area Median Income or less) will be given priority over low income households (30.01% to 50% of Area Median Income) and moderate income households (50.01% to 80% of Area Median Income).
2. Low income households (30.01% to 50.00% of Area Median Income) will be given priority over moderate income households (50.01 to 80% of Area Median Income).
3. Disabled and/or handicapped head of household.
4. Head of Household is over 62 years of age.
5. Households with large families (five or more).
6. Households with small families (four or less).

F. The geographic distribution of funds shall not be considered.

G. To select participants in the Rehabilitation - Permanent Relocation Activity, the following steps will be taken:

1. A display ad will be placed in one or more local newspapers of general circulation advising local residents of the availability of grant funds and establishing a convenient time and place for interested residents to obtain information and pick up application forms to allow them to be considered for inclusion in the program. Applications will be accepted by the City for a minimum of twelve (12) calendar days after the display ad is placed in the newspaper.

2. Once a list of applicants is obtained, the Housing Specialist shall perform initial inspections on the housing units to determine which of the following categories each housing unit fall into:

For conventionally built structures, and modular homes:

a. Minor rehabilitation – the cost to correct all existing code violations is estimated at thirty thousand dollars (\$30,000.00) or less.

b. Moderate rehabilitation – the cost to correct all existing code violations is estimated between thirty thousand and one dollars (\$30,001.00) and Fifty thousand dollars (\$50,000.00).

c. Major rehabilitation – the cost to correct all existing code violations is estimated between fifty thousand and one dollars (\$50,001.00) and eighty thousand dollars (\$80,000.00).

d. Replacement housing – the cost to correct all existing code violations is estimated to exceed eighty thousand dollars (\$80,000.00) or, the cost to correct all existing code violations exceeds

fifty percent (50%) of the appraised value of the property and based upon the local Building Departments direction the dwelling must be brought up to the current building code, or the housing unit is deemed structurally unsound and not feasible for rehabilitation.

3. Applications containing information on the property owner and other household occupant shall then be processed by the CDBG Housing Specialist for all potential program participants. If the list of applicants exceeds the number of available units to be addressed in the Community Development Block Grant program, the applicant ranking order shall be recommended by the Housing Specialist and selected by the City Council utilizing the criteria in Section IV (E) & (G) of these Guidelines.

H. If changes in circumstances occur which are beyond the control of the City Council to cause beneficiaries or structures to no longer be eligible, the Housing Specialist may pick alternates and recommend them to the governing body to replace those selected under Section IV (E) & (G). In all cases, it is understood the financial limitations associated with a Community Development Block Grant Housing program specifically addressing the number of units required to be completed under the activity and program contract shall be an overriding factor in determining which units shall ultimately be addressed.

### **XIV. MOVING EXPENSES**

This procedure will take place, if required, as follows:

The City, at the direction of the Housing Specialist, will provide to the head of household moving expenses totaling five hundred dollars (\$500.00). Two hundred and fifty dollars (\$250.00) will be provided to the head of household when the household moves their belongings from the existing dwellings to the provided onsite storage or central storage unit location, and two hundred and fifty dollars (\$250.00) will be provided to the head of household when the household moves their belongings from the on-site storage trailer or central storage unit location back to the housing unit that has been rehabilitated or replaced.

The head of household will certify they accept full responsibility for their belongings, the moving of their belongings and that the storage trailer or unit is fully empty and swept out at completion.

The City at the direction of the Housing Specialist will provide the head of household with an on-site storage trailer or storage unit (storage option will depend on size of lot and local regulations) for the belongings and furnishings in the dwelling. The head of household will be responsible for moving the furniture out of the existing dwelling into the storage unit; and moving their belongings from the storage unit back to the housing unit after the housing unit has been rehabilitated or replaced. In addition, the head of household will supply their own lock for the storage unit and shall remove all items from the storage unit and sweep out the storage unit prior to submitting for the moving expense for relocating into the rehabilitated or new housing unit. All of the items must be removed from the storage unit and the storage unit cleaned prior to the moving expense allowance for the second move being approved by the Housing Specialist.

It is the option and responsibility of the homeowner at their expense to obtain insurance on their personal items while in storage.

### **XV. TEMPORARY RELOCATION ALLOWANCES**

Temporary Relocation assistance will only be provided to families who vacate the rehabilitated residence to facilitate the rehabilitation.

It is the homeowner's responsibility to find alternate housing for all occupants of the residence during the construction phase of the project. The City will offer monthly utility allowances of two hundred dollars (\$200.00) for families of one or two persons and monthly utility allowances of two hundred fifty dollars (\$250.00) for families with three or more members. These CDBG funds will be provided by the City to the participant to offset the increase in utilities of the friends, private homes, other family members, etc. that are supplying temporary housing. The participating family will be responsible for packing and unpacking all of their belongings.

Neither the City nor the Housing Specialist will be responsible for any items lost, stolen, or damaged during the temporary relocation process. The applicants shall be encouraged to make satisfactory arrangements to secure family valuables.

## **XVI. CONDITION OF REHABILITATION/REPLACEMENT ASSISTANCE**

A. Maximum amount: The maximum amount of funds available for the replacement of a specific property will be the amount specified in Section XII of

the Housing Assistance Plan, giving consideration to the average amount per structure in the application. This amount must be in compliance with the extent of rehabilitation section of the Housing Assistance Plan and shall be brought to the City

Council for final approval. However, the cost of a replacement structure shall not exceed the amount specified in Section XII of the Housing Assistance Plan unless specifically recommended by the City Housing Specialist and approved by the City Council.

B. Community Development funds are to be provided to or for the benefit of the owner(s) of the residence to rehabilitate/replace their home. Prior to beginning work on the property, the owner(s) will be required to sign a mortgage and promissory note in an amount equal to the cost of the work. This is called a Deferred Payment Loan (DPL) and shall be forgiven in 10 years. If the property is sold within that 10-year period, the owners will be required to repay any unforgiven portion of that note. However, if the owner dies within the 10-year period, the City will forgive the remaining portion of the note. The City Council shall also retain the option to forgive the note in case of hardship.

C. The purchase of Comprehensive Home Owners Insurance and Flood Insurance, if the property is located in a designated flood zone, will be required prior to the participant moving back into the residence. Comprehensive Home Owner's Insurance and Flood Insurance, if required, shall be maintained on the property, by the property owner, until the Deferred Payment Loan is satisfied.

## **XVII. LEVERAGING CDBG FUNDS WITH OTHER FUNDS**

Where feasible the program will combine the following funds sources:

A. Weatherization funds

- B. SHIP funds

### **XVIII. OPERATIONAL PROCEDURES FOR THE REHABILITATION/REPLACEMENT PROGRAM**

A. The Housing Specialist will place a legal notice in a local newspaper to solicit interested contractors to participate in the program. (Contractors must be licensed by the State of Florida, Department of Business and Professional regulations and must either be State Certified, or state Registered and meet all local building department requirements. The contractor must be properly licensed to obtain a permit from the local building department to either construct a new residence or rehabilitate an existing residence.

B. After verification of the participant's eligibility, the property will be inspected by both the Housing Specialist and the homeowner. Upon completion of the inspection, a rehabilitation work write-up or demolition/replacement bid specifications will be completed.

C. Before the work is advertised for bid, the Housing Specialist and the participants will meet to review all the information associated with the rehabilitation or replacement of their dwelling unit, to ensure the participant has a full understanding of the program and wants to participate.

D. The documents are then dated and signed by the participants.

E. The work is then advertised for bid. Bidding is limited to pre-qualified contractors licensed by the State of Florida, Department of Business and Professional Regulation and who have pre-qualified in an opened, advertised prequalification process.

Documents shall be included in the bid package wherein the contractor shall agree in writing that any change orders for rehabilitation or reconstruction of a housing unit that are being paid with CDBG funds and cumulatively exceed one thousand dollars (\$1,000.00) above the original contract amount, shall only be paid with CDBG funds if those change orders are to correct documented code violations, health and safety items or items required to bring the residence up to Section 8 Housing Standards.

Additionally, the contractor shall agree in his bid and contract, if awarded, that all change orders for housing rehabilitation or reconstruction shall be approved by the owner of the housing unit or his or her representative, the contractor, Housing Specialist, and a representative of the local government prior to any initiation of additional work based on said change order.

All pre-qualified bidders will be notified of bid solicitations. The bids will then be received and tabulated. The low bid, if within 15% above or below the Housing Specialists estimate, will then be presented to City staff for review and the Housing specialists recommendations will then be submitted to the City Council for approval. The City Council reserves the right to approve the low bid outside the 15% margin from a qualified bidder if the City Council feels the bid price is justified.

F. Should the bid be higher than the acceptable range, the residence will be re-bid.

G. The contract will be awarded to the lowest acceptable bidder.

H. The successful contractor will have 72 hours from the date of notification to produce all necessary licenses and insurances. Should the contractor fail to perform in accordance with the bid or be unable to produce the necessary licenses and insurances, the City Council will, at its discretion, award the contract to the next lowest bidder or have the work re-bid.

I. When the contract has been successfully awarded, the participant may be required to temporarily relocate out of their residence.

J. The participant will move and store their belongings. (See Temporary Relocation Guidelines for details.)

K. After the participant has vacated the dwelling unit, the contractor receives a Notice to Proceed (further information is contained in the construction contract and construction specifications) and the Notice of Commencement is recorded.

L. The house is then rehabilitated in accordance with the rehabilitation standard specifications, the Florida Building Code, and the work write-up. At each draw request, a partial waiver, final waiver, or release of liens is required prior to payment.

M. The Housing Specialist in cooperation with the local building official will inspect the residence at various times during the project, particularly at the time of each draw request.

N. The Housing Specialist does not have the authority to supersede the building inspector, but may require stricter compliance in some areas. As a rule, the most stringent requirement will prevail.

O. Upon completion of the project, the local building inspector will issue a Certificate of Occupancy or similar document verifying that the housing unit meets applicable local codes. The contractor is required to submit to the Housing Specialist a request for final payment including the following information:

- (1) a waiver or release of liens from the prime contractor
- (2) a waiver or release of liens from all material suppliers, subcontractors, persons, or organizations that may have supplied material or labor to carry out the job or have an investment in the job as a result of the work performed
- (3) a statement from the contractor that all items in the initial work write-up as modified through the approved change order(s) has been completed.

P. The applicant inspects the work and is requested to sign a work acceptance statement. The work acceptance statement shall include language that the specified work has been completed based upon the work write-up and approved change orders. Should all requirements be fulfilled and the homeowner or their representative refuse to acknowledge completion of the work, the housing unit case file shall contain a statement detailing the stated reason for said refusal.

Copies of the applicant's work acceptance or detailed explanation for refusal of the acceptance shall be included in the administrative closeout package submitted to the state at the conclusion of the project.

Note: In the event of any disputes between the participants and the contractor concerning the completion of the rehabilitation work, the Housing Specialist shall work with both parties in an

attempt to negotiate a satisfactory solution. If a solution cannot be arrived at, Section 27 “Termination of Owner” of the construction contract shall be invoked.

Q. The Housing Specialist shall indicate in writing that the completed housing unit meets the applicable local code and Section 8 Housing Quality Standards.

R. The participant is given notice to move back to their residence.

S. The Housing Specialist will conduct a sixty (60) day inspection of the residence to ensure that all improvements are still in good working order.

Note: Periodic inspections will be made by the Housing Specialist to ensure that the terms of the contract between the City and the participants are being maintained.

## **XIX. PARTICIPANT NOTIFICATION PROCEDURES**

When a previously approved housing unit is deleted by the Housing Specialist or City Council from the list of proposed homes for rehabilitation or replacement, the City shall notify the owner of said housing unit by certified mail that their unit is being deleted and the specific reason for this deletion.

## **XX. COMPLAINT PROCEDURES**

A. Complaints concerning the Community Development Block Grant Program shall be submitted in writing and addressed to the City Manager, 5919 Main Street, New Port Richey, FL 34652. The City Manager will have fifteen (15) days to respond. Additional information is available in the Grievance Procedure for the City’s CDBG Grant program.

## **XXI. PERMANENT RELOCATION**

With the exception of the demolition/relocation program, where the owner of a dilapidated structure received a payment for a replacement structure and the existing structure is removed, no existing housing units that have the potential to be occupied by low and moderate income households will be demolished or converted to non-low moderate income housing as a part of this project.

## **XXII. LOCAL TRASH NUISANCE, ENVIRONMENTAL OR HEALTH CODE ORDINANCES**

Prior to approval of any residential dwelling unit for final inclusion in the program all local trash, nuisance, environmental, or health code violations that will not be addressed as part of the Community Development Block Grant or CDBG programs must be eliminated.

## **XXIII. LEAD BASED PAINT POISONING**

**IN NO INSTANCE, SHALL LEAD BASED PAINT BE UTILIZED IN THE REHABILITATION OF A STRUCTURE.** If a dwelling was constructed before 1978, there is a possibility it may contain lead-based paint. All properties built before 1978, not being replaced, will be tested for lead-based paint by a certified lead testing organization prior to bidding the rehabilitation of the dwelling. Where lead-based paint is found, removal and/or abatement procedures by a licensed lead abatement contractor will be included in the rehabilitation bid

specifications for the housing unit based upon the lead-based paint inspection report and required abatement procedures. If the rehabilitation of the dwelling is found to be feasible after bidding out the work to be addressed, a clearance test will be performed by the licensed lead-based paint inspector prior to final acceptance of the rehabilitation. No owner will be approved for occupancy of any lead abated home rehabilitated with CDBG funds until a clearance has been obtained from the pre-approved lead inspector. The housing unit owner will be provided literature pertaining to lead-based paint poisoning and the dangers of lead by the Housing Specialist

#### **XIV. HISTORICAL STRUCTURES**

The Housing Specialist will utilize the local County Property Appraisers Records to determine the age of the home. Information on all structures being considered for inclusion in the CDBG Rehabilitation or Demolition Replacement Activities that are 50 yrs of age or older will be supplied to the Department of State, Division of Historical Resources for review and comment prior to approval by the City.

#### **XV. SITE SPECIFIC ENVIRONMENTAL REVIEWS**

A Site-Specific Environmental Review will be developed by the Housing Specialist for each property being considered for inclusion in the CDBG Housing Program. The Site-Specific Environmental Review shall be submitted to Florida Commerce for review and approved by Florida Commerce prior to the execution of the contract for the rehabilitation or replacement of the residence.

#### **XVI. REHABILITATION RECORDS**

Note: Housing rehabilitation documentation will be completed prior to grant ending date and submittal of closeout. The following data will be provided for the housing unit and summarized by activity as part of the administrative closeout for each activity providing direct benefit:

**RE:** Resolution No. 2025-18: Authorizing the Submission of the Small Cities CDBG Application

## REQUEST:

The request is to adopt a resolution authorizing the submission of an application to Florida Commerce of a Small Cities Community Development Block Grant application for Federal Fiscal Year 2023-2024.

## DISCUSSION:

As you know, the city staff is interested in applying to Florida Commerce for a Small Cities Community Development Block Grant (CDBG). The funding for this program is awarded on a competitive basis. Cities with a population under 50,000 are eligible to participate in the program under any of the following four funding categories: Commercial Revitalization, Economic Development, Housing Rehabilitation and Neighborhood Revitalization. At your May 6, 2025 public hearing the Council voted to apply under the Housing Rehabilitation category.

The amount of funding being requested is \$2,000,000.00. The purpose of the grant would be to assist a minimum of twenty-one (21) low/moderate income property owners with housing assistance. The housing assistance would be delivered in the form of rehabilitation of housing standards that do not meet current building codes. As part of the application, the city will rely upon CDBG funds to provide temporary relocation expenses to property owners that may be displaced during the period that their home is under construction.

If the grant application is successful, it is expected that it will require a minimum of thirty (30) months for the project to be complete considering the client solicitation and selection, environmental review process, development of project specifications, project bidding, construction and project close-out. Lastly, the resolution establishes the mayor as the position responsible for executing all documents required in connection with the filing of the application.

## RECOMMENDATION:

The recommendation is for the City Council to adopt the resolution.

## BUDGET/FISCAL IMPACT:

None.
